## FOREWORD

Memories open the doorway to the past. Mindful of this, we have endeavored to capture in the 1961 *Knotty Oak* as many as possible of the precious moments and events which personify our school life of the last four years.

The first class to spend all our high school days in the new Coventry High building, we will view and participate in many more important "firsts" in this dynamic and intellectually stimulating age.

Therefore we must continue forward in our search for knowledge and achievement so that years from now we shall be able to look back and gratefully say, "How far we have journeyed in character, understanding, and attainment.

MARIE CORINNE RILEY  
Editor-in-Chief

## *DEDICATION*

We, the Senior Class of 1961, take pleasure in dedicating our yearbook to a man who, through his warm personality, friendly interest in young people, eagerness to help, and long hours of hard work, has greatly enriched the students of Coventry High School, Mr. James K. Montague.

## ADMINISTRATION

To the Class of 1961:

For countless centuries men have said ideals are above our heads, that we must stretch our necks to them. It is this sense of perfection, the understanding that activity in acquiring knowledge and not the possession of knowledge is the American Heritage that has been the great strength of our country. We need to work until we are again the pioneers for the world to behold. We are only about one hundred and fifty years old as a nation, and look what we have done. Give us another fifty years to prove the culture and creativity of this society.

Through the young people of this generation we can and will realize what our founding fathers have dreamed of. We place upon your able shoulders the task of inching us closer and closer to living the vision of a perfect society.

HENRY J. COOPER  
Superintendent of Schools

To the Class of 1961:

"You've got to have a dream to have a dream come true."

The sweep of history records the search of mankind for truth, for ideas and ideals, for new frontiers. Our greatest leaders have all been distinguished by vision derived from a close-held dream. Men have attained great heights of endeavor in the eager pursuit of a dream. Dreams have always elevated and ennobled and inspired.

We would hope that in the past four years you have fostered a dream of the future. As you leave this school, we hope you are that much closer to fulfillment. Change your dream occasionally but never be without one. For without a dream, you haven't even a small chance of ever having one come true.

REUEL A. SHELDON  
Principal

To the Class of 1961:

Yours is the privilege of choosing higher standards and higher ideals, of accepting a higher challenge and in turn demanding higher results. If you wish to cultivate and bring into existence higher standards and ideals, you must accept nothing lower than Christ's standards and ideals. All education, all growth, and all life are governed by these laws: know thyself, control thyself, and deny thyself.

As you leave Coventry High School to seek employment or to pursue further training, it is my wish that good fortune and happiness accompany you. Congratulations at this commencement time.

## SCHOOL COMMITTEE

MRS. ERNEST PIKE

DAVID W. CLARY

The maintenance of the Coventry School System devolves upon our School Committee. This committee is composed of five members who are elected for a four-year term. The School Committee meets twice a month to discuss and act upon the problems which arise.

The committee is responsible for the hiring of school personnel, the buying of buses, the maintaining of school buildings and property, the preparing of a budget report for the school system, and for the paying of bills which may occur during the year.

The high calibre of education in Coventry can be directly attributed to the excellent supervision and the conscientious planning of the School Committee.

MRS. MARY L. GREEN, R.N.  
School Nurse-Teacher

Graduate of R.I. Hospital; Rhode Island College, School Nurse Certificate; Head Nurse, Charles V. Chapin Hospital; Lt., U.S. Army, World War II.

"Health is a complete state of physical, mental, emotional and social well-being and not merely the absence of disease or infirmities." The school nurse-teacher evaluates the individual pupil's health through the use of varied techniques and procedures including health histories, teachers' observations, height-weight, visual and auditory acuity, and medical, dental, and psychological examinations as indicated.

MRS. ELIZABETH C. G. HUDSON  
Librarian

Rhode Island College, Certificate of Education; University of Rhode Island, Certificate in Library Science.

The library is known as the "hub of the school". Here may be found the written materials to help an individual to broaden his abilities and the means for much pleasure in his life. The librarian assists both pupils and teachers in the selection of books and other printed material, ordering and cataloging new books as needed and arranging for the repair of others as they may require it.

## SECRETARIAL STAFF

The secretarial staff is responsible for all school financial records, state reports, attendance records, and college transcripts. The staff includes a secretary to the superintendent, a secretary to the principal, an attendance clerk, a secretary to the guidance office, and a general staff whose duties include mimeographing notices, typing records, assembling attendance reports, and handling the financial problems of Coventry High School.

## CUSTODIAL STAFF

A locker that won't open or a venetian blind that won't close are typical examples of the hundred and one things which might be brought to the attention of the custodial staff during the course of a day. Their prompt and courteous attention to these and other details of a more or less serious nature is a major factor in the smooth operation of the school program.

Not the least of their duties is that of preparing, serving, and cleaning up after meals in the cafeteria, a process which requires close co-operation to insure a steady flow of students in and out of the area with little or no waiting.

Although students are more conscious of the presence of members of the staff in the cafeteria and the locker rooms, the effectiveness of their work and the co-operation which they receive from the student body is reflected in the appearance of the entire building.

## ENGLISH

The English department offers courses and activities designed to develop the skills of reading, writing, listening, and speaking of value to all pupils in their personal, social, and occupational life. In addition to the subjects taught in the classroom, experiences in dramatics, essay competition, and the promotion of reading through the sponsorship of the Teenage Book Club and the Reader's Digest help to enrich the lives of individual students by developing personal satisfaction in reading and creative expression. Special projects of the English department include the Senior Play, the Good Books Club, one-act play competition, and remedial work in speech and reading.

## SCIENCE

The science department prepares students for continued study in the field of science and informs students of the impact of science on human life so that they will be prepared to conduct themselves as an intelligent citizenry.

This year the science department offers courses in General Science, Biology I and II, Chemistry I and Practical Chemistry. Chemistry is now offered in the junior year as well as the senior year and physics is offered in the senior year. This allows a student to complete two years of mathematics in preparation for the course in physics and, at the same time, accommodates transfer students.

Special projects carried on by the science department include participating in the school and the state science fairs, sponsoring advanced students who attend U. R. I. and Brown University weekly, and participating in the Science Talent Search and the Future Scientists of America Program. Activities sponsored by this department are field trips to universities and industries of the state, the Atoms for Peace exhibit, the Visiting Scientist sprogram in physics and biology, recognition to outstanding science students, and three science clubs within the school program.

## MATHEMATICS

The courses, activities, and units of instruction in the mathematics curriculum are designed to contribute to the common needs of high school pupils. The curriculum provides for a sequential presentation of general and special mathematics, contributing to present and probably future educational, vocational, and cultural mathematics needs of individual pupils.

The activities sponsored by the Mathematics Department are the Math Club and the Math Contest. A special project this year is the improvement of our high school mathematics program consistent with the recommendations of the several school mathematics study groups. The Mathematics Department offers the following courses: Algebra I, Plane Geometry, Trigonometry, Review Mathematics, General Mathematics I and II, and Shop Mathematics.

## SOCIAL STUDIES

The social studies department acquaints students with different countries of the world and the customs of their people, the operation of our local, state, and national governments, the history of our own country and that of the world and the role which they must play as responsible citizens in their own communities.

Special projects of the department include field trips to Sturbridge village and to the United Nations in New York City for American History and American Government classes respectively. Coventry participates in the Rhode Island Model Legislature project, awards prizes for excellence in current events, and students in American Government plan activities culminating on the day in which they take over the chief elective and appointive offices in the town.

Use is made of films, filmstrips, recordings, maps, speakers, and field trips in addition to those mentioned whenever it is felt that these devices lend themselves to a better understanding of the subject being presented and further the goal of the department by helping to develop a mature and intelligent citizenry.

## GUIDANCE

Through a program of testing abilities and aptitudes of students, a program of individual counseling, the dissemination of career information, and the arranging of student schedules, the guidance department helps students to become more aware of their own special abilities and needs, to adjust to the differing demands of home, school, and community, and to prepare for adult responsibilities.

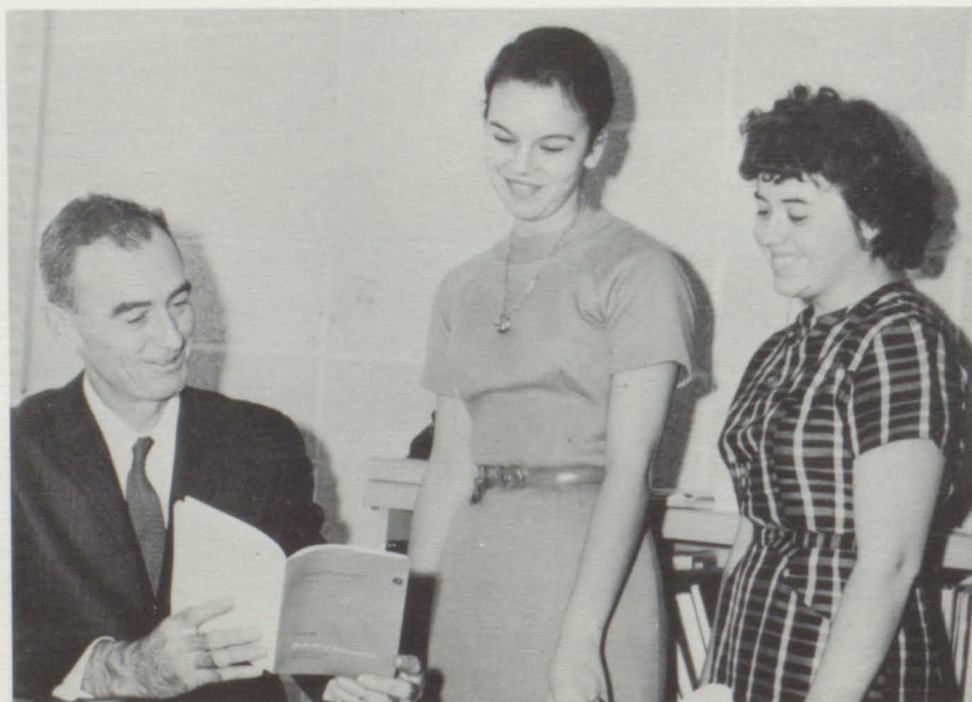

Special attention is being given to the problem of drop-outs and follow-up studies are being conducted in connection with former students who have now graduated in an attempt to measure the effectiveness of the guidance program and to discover ways and

means of improving it.

Informational records are also kept for reference in the event that prospective employers, officials of other schools and colleges, and members of the high school faculty may evaluate an individual student more completely.

Insofar as possible, parent-counselor conferences are encouraged so that the home and school may work together more effectively.

Special plans of the department include arrangements for representatives from colleges as well as business and professional men to familiarize students with important vocations.

"Helpful advice from Mr. Greene."

## FOREIGN LANGUAGES

Students at Coventry High School study languages as a means of communication of ideas directed towards the understanding of the way of life of other people. The ability to read, write, speak and understand a foreign language is learned as a part of appreciating the total culture of the people who have used that language to express their ideas.

At present, courses are offered in French I, II, and III, Spanish I and II, and Latin I and II. Students en-

rolled in these subjects work on special projects to extend their knowledge in particular aspects of French, Spanish or Latin such as art, music, education and the like.

Special projects of the foreign language department include annual exhibits at open house, the awarding of honors for achievement on competitive, standardized tests, and the sponsoring of club activities.

## PRACTICAL ARTS

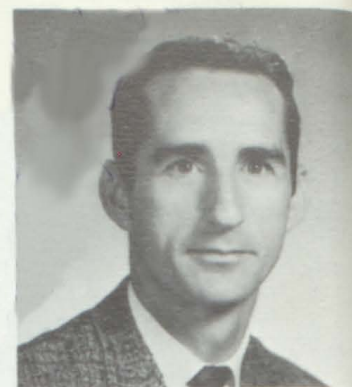

The practical arts department can be separated into three divisions: industrial arts, home economics, and agriculture. Industrial arts offers a curriculum designed to meet the pupil's needs related to the use of industrial goods and services in the home and the community through courses such as drafting, wood-working, auto mechanics, and general shop.

The home economics curriculum consists of instruction to satisfy the home and family life and sometimes the vocational needs of pupils through homemaking courses, and activities like homemaking and sewing clubs.

Vocational agriculture serves to give the student a beginning and advance in agriculture, to help him produce farm and market products efficiently, to conserve natural resources, and to manage an agricultural business efficiently through vocational agriculture courses and the Future Farmers of America activities.

## FINE ARTS

Courses and activities offered by the fine arts department help students to acquire those skills necessary for meaningful and creative self expression. Students enrolled in this program as well as those who participate only as an audience are taught to listen and to observe intelligently so as to gain a deeper appreciation of this important aspect of life.

Instruction in both music and art is carried on at the elementary as well as the secondary level and its impact may be noted in the artistic displays in the corridors, the elaborate decorations in the cafeteria for school dances, the music education provided at assemblies, and the good percentage of voluntary enrollment in course offerings in these areas. Both the art and music rooms are available after school for use by students and both areas of instruction participate in the club program.

## BUSINESS DEPARTMENT

This department offers a wide selection of courses including Typing I and II, Bookkeeping I and II, Shorthand I and II, Office Practice, Business Education, Salesmanship, Business Law, and Business Arithmetic. The goal of the business department is to provide a general business education to those students who desire and can profit from such training and provide those knowledges and skills which will ensure vocational competence.

Among the projects and activities of the Business Department are the Typing Club, assisting with the publication of the Entry, and the typing of programs, envelopes, and form letters for groups such as the Easter Seal Organization, P.T.A., and the Senior Play. These activities provide additional opportunity for students to gain experience in the skills for which they are being trained.

## PHYSICAL EDUCATION

Although the physical education department offers courses in health for all students and places great importance on muscular development and co-ordination, great stress is laid on the value of teamwork and sportsmanship. The activities of this department help students to develop their abilities and to form good health habits and, equally important, to get along with others.

In addition to the courses which all students are required to take, members of the department as well as other faculty members have made available to students an intramural program for boys and girls, a gymnastics club for boys and girls, a cheerleaders' club for girls and a lettermens club for boys.

Also under the direction of this department are the inter-scholastic sports of cross-country, basketball, wrestling, baseball, and golf.

## *SENIORS*

We, the Class of 1961, realize that upon completion of our high school education, unlimited horizons will face us. Some of us will further our education at a college or a business school, and some of us will enter the working field immediately. Our chief goal, however, will be the same; to give our best to the world.

At times when the pressures of a changing world become somewhat demanding, our memories of the good friends we shared and the warm traditions of Coventry High School will be there to sustain us.

### SENIOR EXECUTIVES

Sandra Edwards, Secretary; Corinne Riley, Editor-in-Chief of the *Knotty Oak*; Leon Blanchette, Vice-President; Marie Callahan, Chairman of the Social Committee; Barbara Mooty, Treasurer. Seated: David Marcello, President of the Senior Class.

MARY J. MURPHY

To the Class of 1961:

Paraphrasing the words of Abraham Lincoln, "In your hands, my young fellow students and citizens, lies the future of our country." Because the future is yours to shape, because you are the heirs to a system of government by the people, each one of you is charged with a grave responsibility. Your school has provided you with the opportunities for mental development, cultural growth and self-reliance. Whatever life holds in store for you, you must retain your individuality, your independence of thought and your faith in America's basic freedoms. My sincere hope is that you might be mindful of these words by Ralph Waldo Emerson:

So near is God to man  
That when Duty whispers low,  
"Thou must",  
the Youth replies, "I can."

MARY J. MURPHY  
Class Advisor

The class of 1961 is proud to be the first class to complete four years in the new Coventry High School. Although we will cherish the memories of our years spent here, we must realize that the most important part of our lives lies ahead of us in a changed and ever-changing world.

As we leave Coventry High School, we wish to express our gratitude to our teachers and parents for their guidance and help. Whatever the future may have in store for us, we will try to do our best to justify their faith.

To my classmates I wish success and happiness in all their future undertakings. Whatever we may do and wherever we may go, I am sure that these past four years at Coventry High School will be among the brightest of our lives.

DAVID MARCELLO  
President of the Senior Class

# CLASS

**1957-1958**

## **OUR FRESHMAN YEAR**

Late in September of 1957, we, the class of 1961, entered the beautiful new Coventry High School as "frightened Freshmen." Confusion reigned, but as the weeks passed we became better acquainted with our school, our teachers, and our classmates.

With the aid of Mr. Thaddeus Ciesla, our class advisor, we elected our first slate of officers. Leon Blanchette was elected as our President; David Marcello as our Vice-President; Joan Collard as our Secretary; and Beverly Smith as the "keeper of our pennies." Jacqueline Wilcox served as Chairman of our Social Committee and her efforts together with those of the other members made our only social event, the Freshman Party, a big success.

**1958-1959**

## **OUR SOPHOMORE YEAR**

We resumed our classes in September of 1958 as confident Sophomores. This year we were advised by Mr. Arthur Montanaro.

Election time arrived before we realized it. We elected Leon Blanchette as our President; David Marcello as our Vice-President; Joan Collard as our Secretary; and Beverly Smith as "keeper of our piggy bank." Rosemarie Barber was our Social Committee Chairman who directed the plans for our Sophomore Dance which was held in the month of March and enjoyed by all.

# HISTORY

**1959-1960**

## **OUR JUNIOR YEAR**

September of 1959 found us back at C.H.S. as "Jolly Juniors" finally reaching the goal of being upperclassmen. With gavel in hand, Leon Blanchette headed our executive board. Richard Snow was chosen as Vice-President, along with Sandra Edwards as Secretary, and Beverly Smith as "keeper of our safe." Marie Callahan was elected to the position of Social Committee Chairman. She was assisted by David Marcello, Carolyn Seidel, Barbara Mooty, and James Chevalier. The Ring Committee was headed by Jerrilyn Miller, with Brenda Dunn and Michael Copice as her assistants.

Our events, which were under the supervision of Mrs. Claire Clary, were the Christmas Dance, the Spring Dance and most memorable of all—the Junior Prom. The theme of our prom was "Sayonara," and Carolyn Seidel reigned as our Queen. Our Junior year concluded when we formally took our place as Seniors on Class Day.

**1960-1961**

## **OUR SENIOR YEAR**

In September of 1960 we returned to school as Seniors. We looked forward to the many joys that this year of high school would bring to us. Always around to help and guide us was our class advisor, Mrs. Mary J. Murphy. We elected David Marcello to the position of President, with Leon Blanchette as Vice-President, Sandra Edwards as Secretary, and Barbara Mooty as treasurer. Marie Callahan was chosen as Chairman of the Social Committee, with Joy Hayward, Carolyn Seidel, James Conn, and James Laurent as her assistants.

Our only event held so far this year was the Harvest Dance. We are all looking forward to our Senior Class Play, entitled "The Family Nobody Wanted," the St. Valentine's Day Dance, the Senior Ball, the Senior Banquet, and most important of all, Graduation. We, the Senior Class of 1961, are proud to hold the distinction of being the first class to occupy the new Coventry High School for four years. It is easy to recall events of the past years as we have done here, and Graduation will bring rewards for past achievement, but graduation is also a time for Commencement—a beginning, when we may look to the future as being bright with promise and full of hope.

# HONOR

DONALD ADDY

KAREN BROWNELL

Each year every Senior who has maintained an average of eighty-five per cent or above in all his subjects for the three and a half years he has attended high school is made a member of the Rhode Island Honor Society. This year twenty-five members of the Senior class of Coventry High School have achieved the honor of admittance to this society of scholars. They deserve commendation for bringing honor to our high school.

- Henry Wood . . . This tool kit because you like to fix cars.
- Jane Yeaton . . . A safe driving award—you'll never get another one.
- James Yeaw . . . A welcome sign for our new classmate.

## *UNDERCLASSMEN*

This year's underclassmen possess many admirable qualities which make them assets to Coventry High. By their outstanding scholastic ability they have brought honors to our school. Without their cooperation, and unmatched school spirit, many of the activities of our school would not have taken place. They have shown through their fine work as underclassmen that they will be ready to shoulder the responsibility and challenges that they will meet in years to come.

## *ACTIVITIES*

Participation in extra-curricular activities is an important aspect of school life. It enables the student to experience the opportunity to work with others socially and constitutes an education in itself. Therefore the faculty and student body of Coventry High School strive to maintain the fine quality of activities for which they are noted.

Joan Plourde, Typing Editor; Richard Piascik, Business Editor; Corinne Riley, Editor-in-Chief; Luther Whetstone, Photography Editor; Bonnie Jennings, Art Editor; Jerrilyn Miller, Literary Editor.

## YEARBOOK STAFF

The yearbook staff consists of five boards and their editors working together with the editor-in-chief to publish the *Knotty Oak*. The writing is done by the literary board, recopied by the typing board, and proofread by the editor-in-chief and the advisor. The literature is supplemented with photographs scheduled and arranged by the photography board and with illustrations submitted by the art board. The business board works throughout this preparation to secure the funds necessary to publish the yearbook. If the 1961 *Knotty Oak* yearbook proves to be a successful enterprise in which everyone can take pride, it will be due to the combined hard work and co-operation of the entire staff.

Our business advisor, Mr. Raymond Szefflinski, in co-operation with the business editor, has supervised all financial matters, and our general advisor, Mr. Robertson, has worked with the various editors in supervising the over-all preparation of the yearbook.

Junior representatives are chosen early in their Junior year to work with the Seniors on the *Knotty Oak*. The Junior executive board and the English Department select at least one girl and one boy on the basis of their knowledge of English. In recent years it has become difficult to select only two. This year five Juniors are learning how to assemble a yearbook. When the Juniors become Seniors on Class Day, one representative will be announced as Editor-in-Chief of next year's *Knotty Oak*. The other representatives will hold similar important positions. In the above picture: Michael Dwyer, Beverly Rawlinson, Marjorie Meegan, Jacqueline L'Ecuyer, Arnold Lundwall.

## THE ENTRY

EDITORIAL STAFF

P. Norman, M. Sanford, J. Noonan, B. Ray, S. O'Donnell, H. Lott, C. Hartman.

Mr. Lemuel Crooks and Miss Rita Izzi, advisors.

Coventry High School's newspaper is called the "Entry." It is listed in the school manual as a club and members choose this activity voluntarily. Issues are published every two months, or whenever the members feel that enough current items have been collected to make the paper interesting. Meetings are held regularly every Friday morning, except in the last stages of publication. During this time meetings must be held after school to complete the additional work necessary to meet the deadline.

Editor Marguerite Sanford and Assistant Editor Sandra O'Donnell work together with their advisors, Mr. Lemuel Crooks and Miss Rita Izzi, to decide which articles are suitable for publication. Other Entry officers are Charlene Hartman, Literary Editor; Barbara Ray, Treasurer; Joan Noonan, Corresponding Secretary; Patricia Norman, Secretary; and Horace Lott, artist. Their combined efforts make the "Entry" a fine paper.

"I've been wondering how serious it is myself."

"Oh, honestly, Dodiel!"

Backstage preparation.

The Class of 1961 is very proud of its Senior Play, "The Family Nobody Wanted." Under the leadership of Mr. Edward McLaughlin, our able director and advisor, our play was a huge success, breaking all financial records. Mr. McLaughlin's work in casting the roles of children of different nationalities added much to the interest and enjoyment of the play. The play itself, the story of the oldest adopted boy in a family of children with different nationalities, was a tender and moving story which everyone enjoyed. In the future, as we look back and think of our Senior Play, we will get great satisfaction from knowing that those who attended found it interesting and pleasurable.

## THE BAND

The band is an active group, both in scholastic and extra-curricular functions. It marches in many parades, and presents several concerts each year. In addition to its own concerts, the band also provides entertainment at school assemblies and various other school and civic gatherings.

Each year it is customary for the band to hold a joint concert with another high school band. This year the joint concert was shared with Shrewsbury, Massachusetts.

At present, the band is composed of 51 members under the direction of Mr. Edward Drew. All new members who can play an instrument with some proficiency will be welcomed.

## THE DANCE BAND

The Dance Band, under the direction of Mr. Horace Magnan, meets once a week on Friday during the club period. Members are chosen by the music director on a competitive basis. The dance band plays at various functions throughout the year, including concerts, school assemblies, and graduation exercises.

**DANCE BAND MEMBERS**, Row One: K. Brownell, R. Vierra, J. Miller, J. Yeaton, E. Gervais, T. Rochefort, W. Kaiser. Standing: Mr. Horace Magnan, Director; P. Langevin, D. Fournier.

# DEPARTMENT

## MIXED CHORUS

The mixed chorus is a club open to all students whether or not they are members of either of the regular choruses. It meets every other Friday morning under the direction of Mr. Edward Drew. Members of the chorus participate in concerts, music assemblies, and any other activity which the music department may hold. Each year since its inception, the mixed chorus has grown and improved.

Row One: G. Strang, F. Derocher, M. Dickison, D. Theroux, S. Triggs, S. Plouffe, R. Perry, A. DiCarlo. Row Two: T. Lepre, R. Hood, N. Hanratty, B. Luther, J. Remington, J. Brouillard, E. Wragg, G. Swanson. Row Three: P. Ucci, J. Raymond, D. Homerston, J. Ventura, D. Ferria, P. Goddu, R. Perry, R. DiMuccio, P. Bednarski.

## GIRLS' CHORUS

The girls' chorus is an elective subject which meets four periods a week under the direction of Mr. Horace Magnan. It is open to any girl from the ninth through the twelfth grade, and performs many times during the school year.

Petrarca, D. Hill.

## TWIRLERS

The twirlers belong to one of the favorite activities at Coventry High. Any Freshman or Sophomore girl who wishes to become a twirler is given instruction by the Head Majorette. After they have been taught, they perform before the faculty and are chosen according to twirling ability, appearance, and posture. Once chosen, they are twirlers for the remainder of their school years. The Head Majorette and team captain are chosen by the other twirlers and their advisor, Mr. Edward Drew.

The twirling team performs at concerts, special exercises, and in all parades. When participating in parades, the Head Majorette leads the band and the team captain leads the twirlers, who practice twice a week to learn new techniques and to create ideas.

Top Row: B. Luther, Head Majorette; E. Turenne, Ass't. Head Majorette; J. Brouillard, Ass't. Head Twirler; D. Parente, Head Twirler. Bottom Row: C. LeClaire, D. Remieres, N. Remieres, F. Thomas.

## ALL-STATE BAND

The All-State Band is one of the organizations participating in the All-State Music Festival in Rhode Island. Its members are chosen on a competitive basis from the different high schools in the state and the competition is keen. Those selected may be praised for their musical proficiency.

Row One: D. Giguere, K. Brownell, J. Miller, C. Seidel, J. Langevin, A. Stevens. Row Two: W. Kaiser, D. Fournier, G. Florio, R. Vierra, S. Perreault, J. Norman, S. Westcott, C. Hopkins, M. Grandchamp, A. Vosburg, K. Brownell.

## ALL-STATE CHORUS

One of the groups participating in the All-State Music Festival is the All-State Chorus. This chorus is made up of students from all parts of the State of Rhode Island who sing in their own school chorus. Prior to his selection, each student must audition before the music director of his own school. The director of this chorus is chosen anew each year.

Row One: N. Petrarca, T. Lepre, C. White, K. Pike, M. Frechette, R. Perry, A. DiCarlo. Row Two: G. Strang, R. Dufour, F. Derocher, K. Sjostedt, N. Hanratty, J. Remington, M. Sanford, R. Perry, G. Swanson. Row Three: D. Hill, J. Robertson, E. Wragg.

## STUDENT COUNCIL

The Coventry High School Student Council, an elected representative portion of the student body, serves to benefit Coventry students by discussing problems that students have brought to the attention of the council members. Under the leadership of Jane Yeaton, president, the council has scheduled and sponsored many activities and attempted to bring about constant improvement in school spirit.

STUDENT COUNCIL OFFICERS: D. Provencher, Vice-President; J. Yeaton, President; Mr. Robert Robertson, Advisor; M. Frechette, Treasurer; S. Maxwell, Secretary.

# CLUBS

The club program at Coventry High School consists of twenty-three clubs which students may join on a voluntary basis. Because of the large school population, clubs are held on a bi-weekly basis; Freshmen go to clubs and upperclassmen attend an assembly one week, and the procedure is reversed the following week.

The club program offers the students not only a change of pace from regular school work, but it also provides an outlet for the student's interests and at the same time broadens his range of knowledge.

## *SPORTS*

Sports participation at Coventry has been at an all time high. The two new sports of wrestling and golf are coming into prominence while the established sports, cross-country, basketball, and baseball, have had banner seasons or, in the case of baseball, are looking forward to a very fine season. Both Varsity and Junior Varsity basketball teams finished among the leaders in their divisions, with the Varsity making the Rhode Island State Play-offs for the first time in history, while last year the baseball team finished at the top of their division.

## CROSS COUNTRY

VARSITY CROSS COUNTRY TEAM

Row One: J. Laurent, T. Lambert, D. Hill, D. Addy, M. Hopkins, W. Offiler, P. Lamoureux, R. Gilligan, D. Soulier. Row Two: R. Pizzi, R. Bengston, R. Reed, L. LeBlanc, J. Chevalier, C. Wardle, C. Boynton, G. Smith, M. Copice, W. Champion.

As a result of increased interest in cross country, a Class C league of nine teams, including Coventry, was formed. During the regular season Coventry took third place, a position they maintained in the post season Class C meet. In a special invitational tournament held at Bishop Hendricken the Knotty Oakers came in second to LaSalle.

Many honors went to our team as Donald Addy, Jimmy Laurent, Philip Lamoureux, and Damon Smith won medals in the Class C Carnival. After placing on the All-Class B Team for two years, Donald Addy became a member of the All-Class C Team.

## WRESTLING

Warming up.

Looking for an escape.

Trying for the pin.

Coventry's wrestling team coached by Mr. Philip White entered its second year of competition in the Rhode Island Interscholastic League. This year's team had only one returning Senior, while the remainder of the squad consisted of undergraduates who gained a year of valuable experience for next year's competition. Coventry's team wrestled in a nine team league which consisted of schools with much larger enrollments than Coventry. As our school grows, the wrestling team will grow in strength and reputation in this league.

WRESTLING TEAM

Row One: M. Makin, R. Forget, Mr. Philip White, Coach; R. Messier, J. Potter. Row Two: H. Wright, C. Crompton, J. Robertson, A. Eklof, J. Rodolewicz, T. Lepre, R. Anderson.

V-A-R-S-I-T-Y, Varsity, Varsity, Varsity!

The basketball season of 1960-61 has been one of the most successful ones for the Coventry High School Varsity team which is under the direction of Coach Douglas Hopper. The record of the team in league play stands at nine wins and five losses. At the close of the season there was a three-way tie for second place between Barrington, Coventry, and South Kingstown. A flip of the coin and a play-off between Barrington and Coventry gave Coventry second place and South Kingstown third place. In the preliminary play-off at East Providence, Coventry, by beating Tolman 47-41, obtained a position in the state tournament for the first time in the history of Coventry High School.

The basketball season of 1960-61 also proved to be very successful for the junior-varsity team, which is under the able supervision of Coach John H. Ball. John H. Ball has completed his first year of coaching with a record of 13 wins and 1 loss. Because of this one loss to Barrington, the jay-vees now occupy first place along with Barrington in Class C.

The ever popular game of golf returned to Coventry High last year under the able supervision of Coach Arthur Montanaro. Tryouts for the five man team start in April at the Coventry Pines Golf Course on Harkney Hill Road. Last year Coventry finished fourth in the Southern Division, which includes West Warwick, Warwick, Scituate, Mt. Pleasant, North Kingston, Bishop Hendricken, and Classical.

Coventry High School's hustling baseball team brought the Southern Division Championship to our school with a 12-2 record. In the playoffs which followed, we defeated Rogers High School but a subsequent loss to Cranston ended the season.

Playing a top-notch brand of baseball, the team won the first eight games without an error being made in the infield. We lost only four seniors through graduation and this year promises to be a successful one with Donald Addy who made the All-State Team among the returning players, many of whom made the All-Southern Division team.

## *ADVERTISEMENTS*

Each year some students excell as ad-sellers. This year the top ad-sellers are: Patricia Fontaine, Richard Piascik, Gertrude Kowal, Joan Fontaine, Anna lafrati, and Karen Moeck. Joan Fontaine, who brought in over \$600, is the top seller. Richard Piascik, who brought in over \$380, is next. Usually one other person is selected. However, this year only \$5-\$10 separated the next four salesmen.

# CANDID CAMERA

I always found candles easier, myself!

Oh, oh! I can't find the egg shells.

Calm down, Mr. Ball, It's only a mild explosive.

## STRIKES AGAIN

Oh, boy, filet mignon, again!

Go ahead, Sandy. They'll never miss it.

One down, 999 more to go!

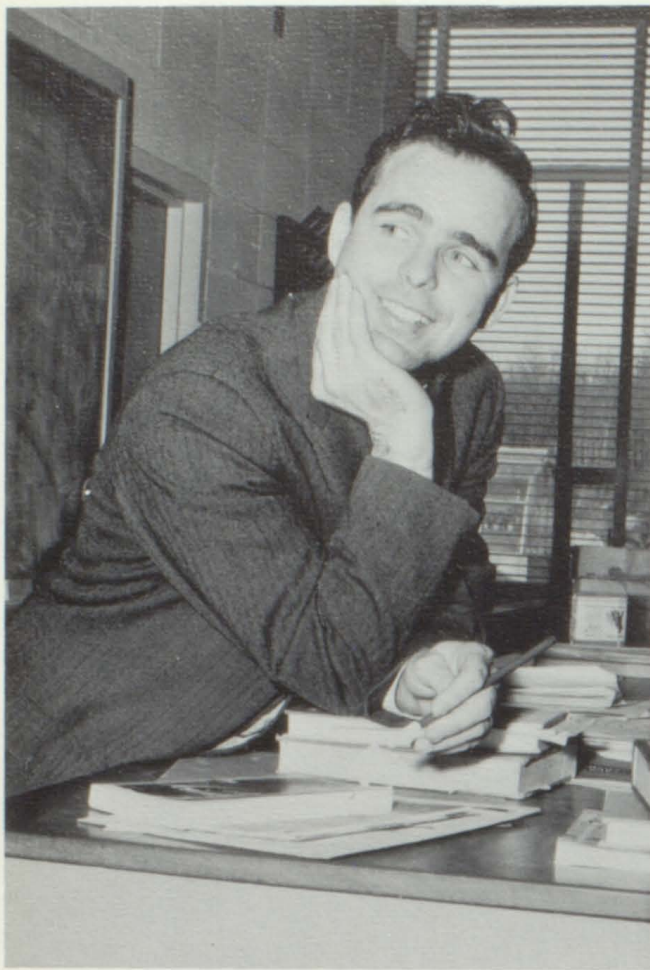

Only 15 minutes to the bell!

Work fascinates us. We could sit and look at it for hours.

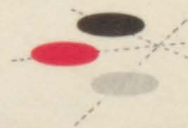

Our future Homemaker of Tomorrow.

What a time to get an itch!
