NO ITTIE COMPETITION

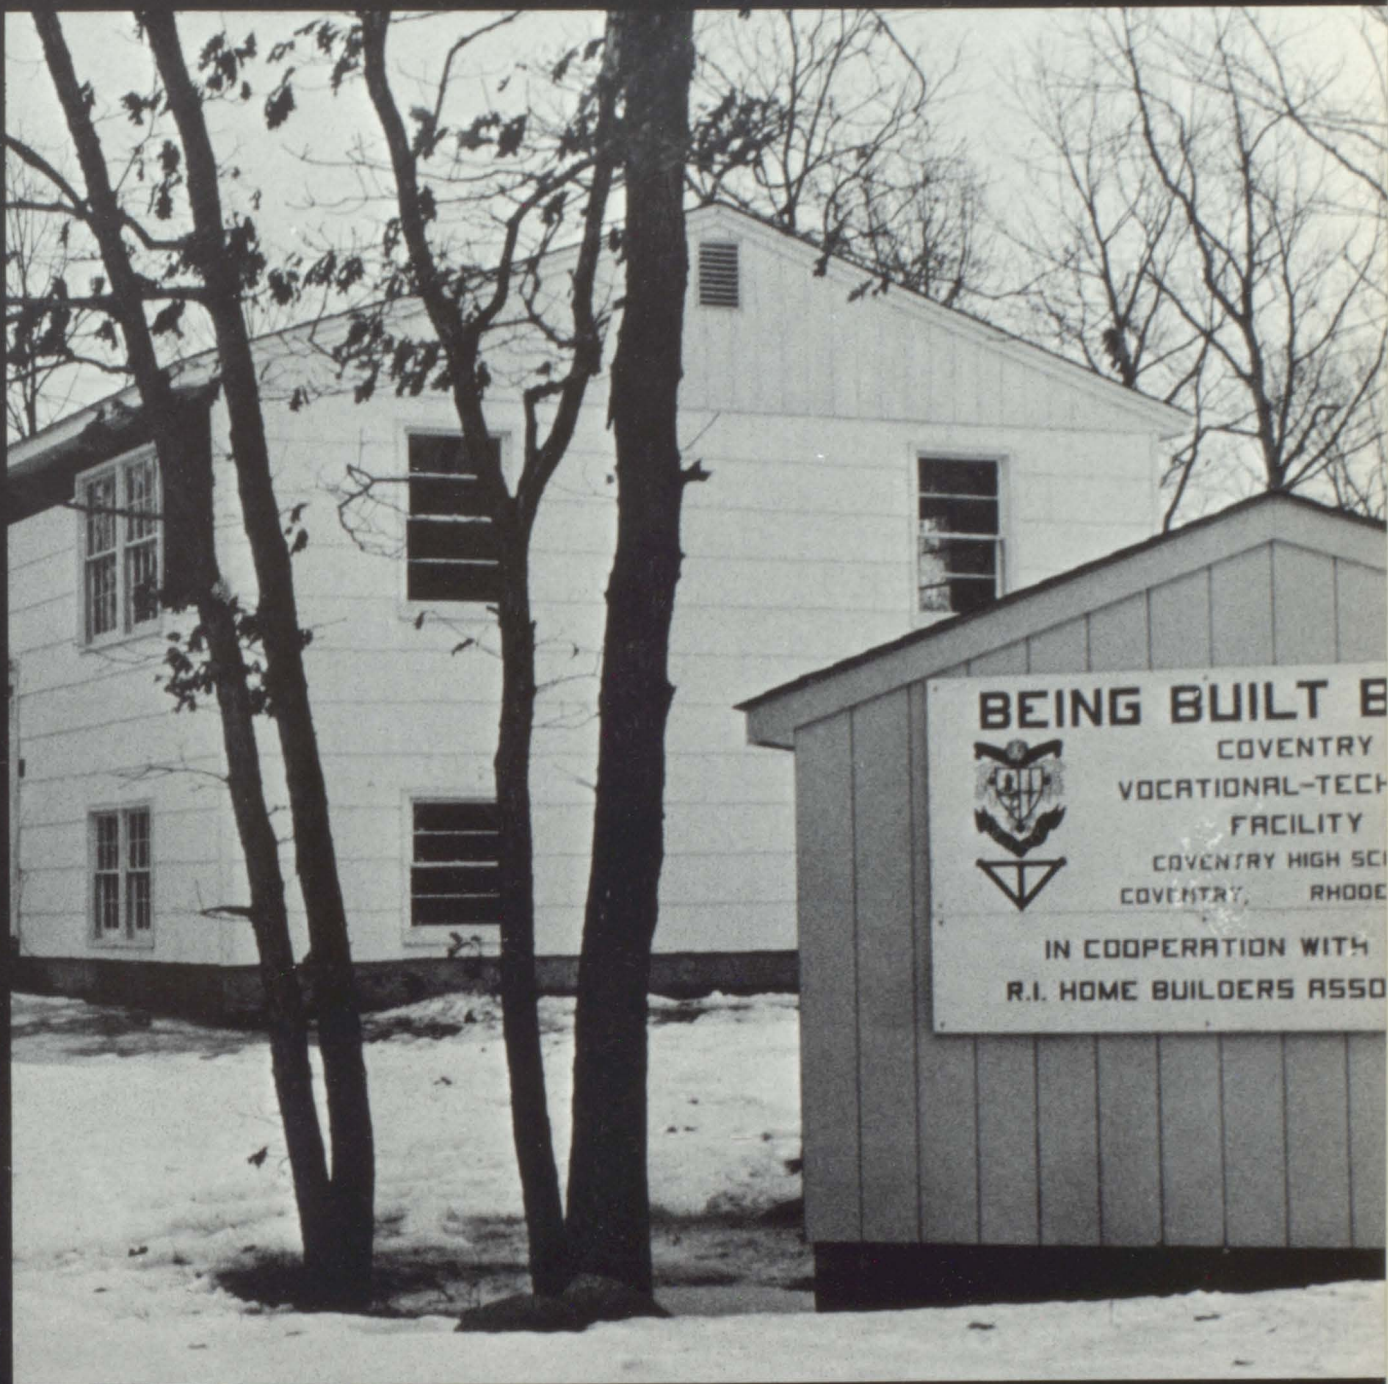

Behind every student council there are some great members.

Off here to Coventry
Come see our children play
 In Mommy and Daddy's myopic pig sty
Off here to Coventry
Come see our children die
 In glass walls which they will never leave
Or go by, America: we are your mirror

NORTH

Coventry

EXIT $\frac{1}{2}$ MILE

A black and white photograph showing the backs of two people standing in what appears to be a doorway or a narrow hallway. The person on the left is wearing a long-sleeved shirt with horizontal stripes and dark trousers. The person on the right is wearing a light-colored, textured sweater and dark trousers. The word "CHANGE" is printed in large, bold, red capital letters across the upper middle of the image, partially obscuring the people's torsos. The floor is made of large, light-colored tiles, and the background shows a dark interior space with some architectural details.

*excitement building up inside

his gaze so soft, his smile so wide
happiness**

*pretty ribbons in your hair
pretty music in the air
remember?*

A black and white photograph. In the foreground, a hand is visible on the left, holding a long, thin, dark object that extends diagonally across the frame towards the upper right. The background consists of a bright, cloudy sky. The overall mood is contemplative or somber.

Come on people
now smile
on your brother
everybody
get together
try to
love one another
right now . . .

Like leaves that journey to the earth
Their only place to go
Caught in a war of wind they drift
But always land below
From branching limbs, from distant trees
The leaves will twist and fall
And find their way to destiny
Through trifles large and small.
They leave the shelter they once knew
Sojourn their path unknown
They meet the challenge facing them
They make it on their own.
Like leaves that journey to the earth
We too will twist and fall.
We'll find our way to destiny
We'll conquer trifles all.
We'll leave the sheltered place we know
Sojourn paths unknown.
We'll meet the challenge facing us,
We'll make it on our own.
For we are strong, and bold enough
To face the worldly strife
Armed with knowledge we venture forth
To win the war of life.

Seniors

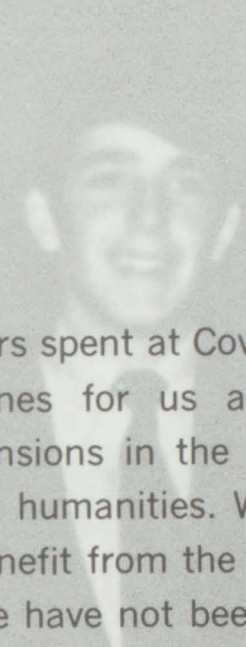

1st Row: Christine Hurlbut, Judy Hammontree, Sue O'Connor, Joan D'Andrea, and Christine Petrocelli. **2nd Row:** Felix Hebert, William Greene, Michael Angell, and Frances Fortin.

Through the co-operative efforts of our class advisor and officers, we have experienced an enjoyable senior year. We wish to express our gratitude for their contributions and interest in our every endeavor.

We thank you,
the Class of 1970

Fellow Classmates,

The past five years spent at Coventry High School have been rewarding ones for us all. Our education has touched new dimensions in the arts, sciences, philosophy, and the social humanities. We have been fortunate in being able to benefit from the experience and wisdom of our teachers. We have not been cheated of an education. Instead, our characters have been enhanced and our knowledge increased in this institution of learning.

We, the graduating class of 1970, owe an immense debt to society as we have received our educations under its influence and now we must hasten forth to serve the needs of an expanding and dynamic society.

The learning experience has not always been an easy one. It has been a struggle, yet it has had its rewards. For many of us, scholarships and college are ahead; for others, service to our country or work in the business world.

I am sure the graduating class of 1970 will leave an indelible and significant mark on the future of this country. Its members will stand in world recognition and acclaim. I am proud to have served such a class as president.

Felix Hebert II

" . . . flaxen, waxen . . . "

"That's ten dollars on Majestic Prince."

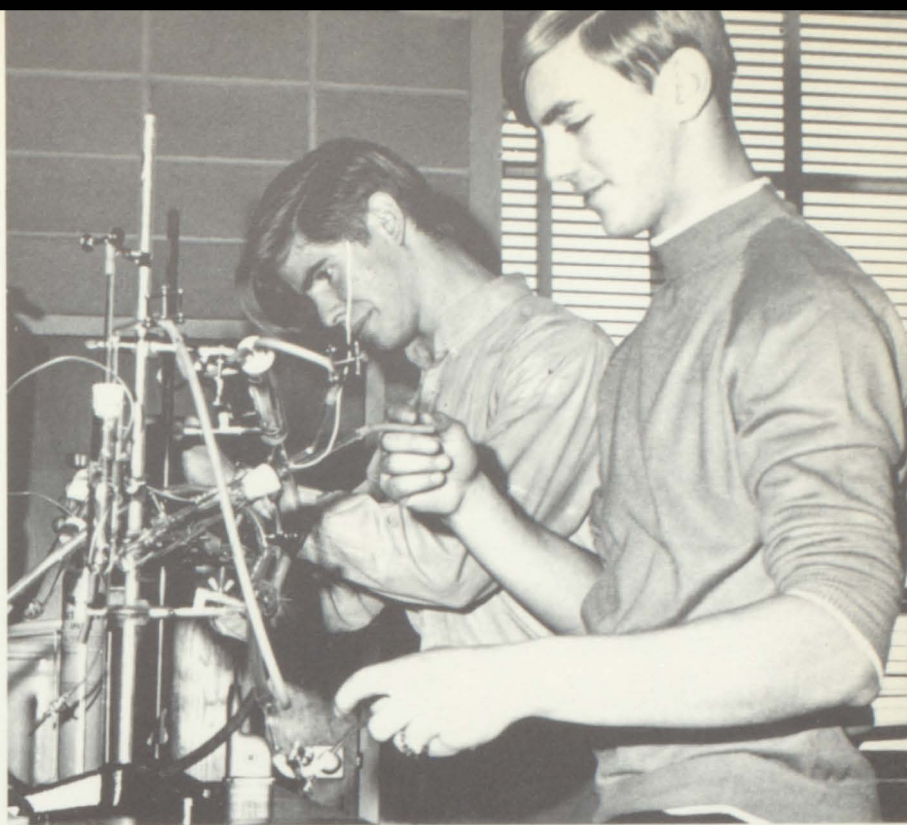

"Get off my back, will ya?!"

"I wonder if we get to keep the tips?"

"Don't tell me we ran out of paper again!"

"Okay, pull the switch, Igor."

"Left foot front, right foot kick . . . or is it right foot front, left foot kick?"

"If I could only remember where I put those cheat notes."

". . . and if you don't eat in between snacks."

Henry J. Cooper

An Insight

INTERVIEW WITH MR. COOPER

Mr. Henry Joseph Cooper, superintendent of the Coventry School System for the past 17 years, is retiring as the class of 1970 graduates. A resident of Warwick all his life, Mr. Cooper attended Brown University and, as most college students, faced the problem of what to do with his life. He entered Brown with intentions of becoming a minister. Soon thereafter he switched to a pre-medical course majoring in Bacteriology and Serology. He graduated from Brown with Bachelor of Philosophy and Master of Arts degrees.

College then behind him, Mr. Cooper became an instructor at Brown in Bacteriology, thus beginning his teaching career. He was head of the science department at Aldrich High and in 1944 he became vice-principal at Gorton High. The following year he was promoted to principal and remained at Gorton High until 1953 when he accepted the job as superintendent of the Coventry School System.

As superintendent for the past 17 years, Mr. Cooper points out that the number of teachers in the Coventry School System has risen from 69 to 324, and the number of students has increased from 1600 to 5400. Many new ideas have been added to the educational system such as the Medical Biology course, the guidance program, and the special education program. As well as these Mr. Cooper feels the non-graded system in the elementary schools and the Vocational-Technical school are great advances in Coventry's educational system.

Mr. Cooper plans to travel after retiring. He enjoys working with today's youth, therefore, he may consider part time teaching as a college instructor for a teacher-prep class after his travels. The students of Coventry High School wish Mr. Cooper much luck and happiness for a successful future. We salute you, Mr. Cooper!
