#### THE LEGEND OF THE KNOTTY OAK

In a quaint town many, many years ago there grew a magnificent oak tree. So impressive was the tree and so superior to other oaks that the people referred to it as a landmark. As a symbol of strength the tree seemed as if it would remain standing forever. Yet fate had other plans. One spring when all the forest began to bloom, it was noticed that the tree was growing lifeless. The townspeople gathered in concern and discovered the tree had become infested with deadly insects. For months the people helplessly observed the slow deterioration of their prized oak tree. In the years which passed the tree became full of lumpy, knobby knotholes. To say the least it was transformed into quite an ugly growth. At long last in November, 1905, it was chopped down. The residents of Coventry thereupon divided equally among themselves the pieces of their beloved tree. To this day the memory of the "knotty oak" remains perpetuated in the name of the road on which it stood seventy-seven years ago.

# We Are The Oakers

And this is our year. During this period of national and international turmoil, we have held together. In the future we will soar to the stars, but we'll always carry a part of each other with us. This year we achieved new heights in sports and had a wild spirit week — together.

1982 — The Year of The Oaker!

Autumn comes,  
The leaves must fall,  
Red, orange, yellow  
Nature takes them all.

Then comes winter  
Mean and cold.  
Takes all the leaves  
Young and old.

Spring is next  
The leaves return  
One by one  
They all will learn.

Then there's summer  
The best of them all  
The leaves grow bright  
The trees grow tall.

So on with the future  
Be brave, be bold.  
And remember your friends  
Of new and of old.

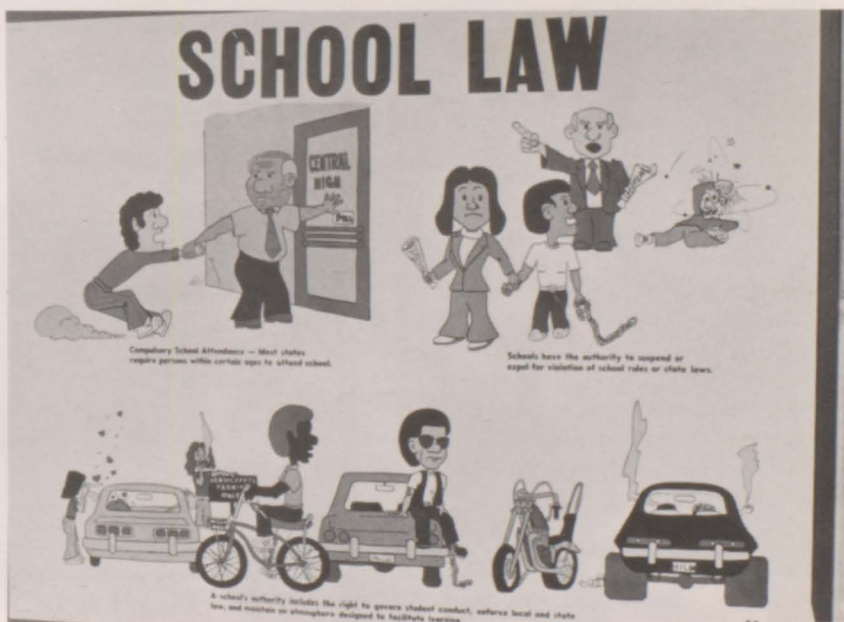

And a special remembrance  
To that crazy crew  
Who worked so hard  
In '82.

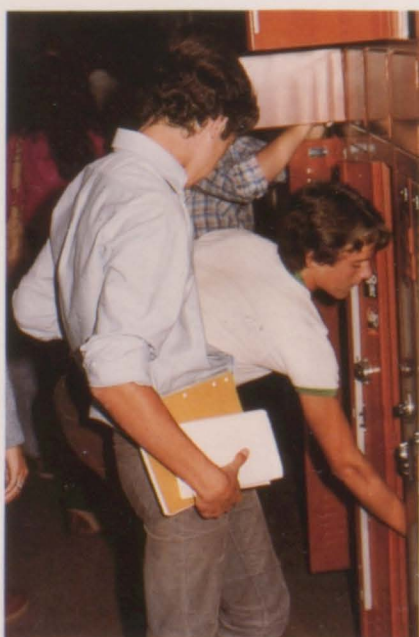

--- Rick A. Denton

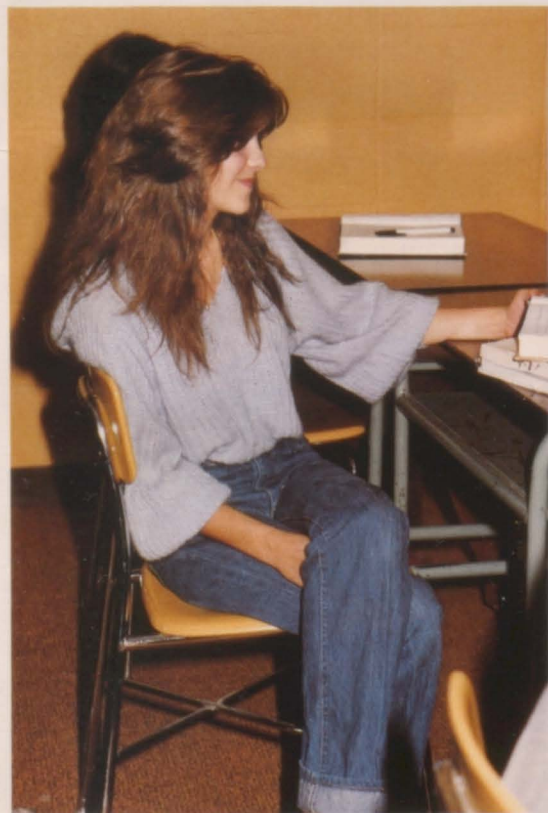

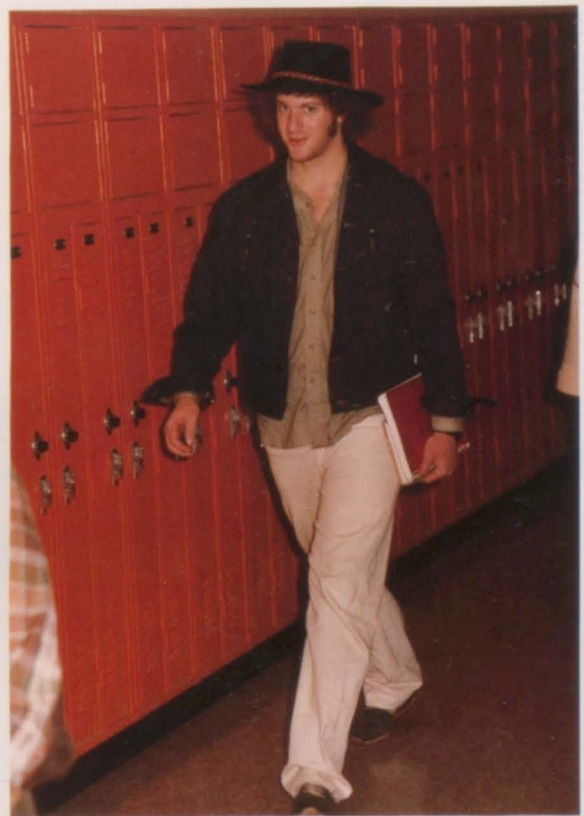

Still there was something mutual  
Something that we shared.  
Now that time is running out  
I regret we never dared.  
But let me tell you now,  
Though not compensating for lost time  
I'm so grateful and so glad,  
That you've been a friend of mine.

--- Jennifer Guay

## Kinds Of Oakers

An Oaker is someone:

- ... who believes his team will *always* win!
- ... who thinks the school will evaporate under a full moon!
- ... who sometimes even studies when there is no test!
- ... who eats school food!
- ... who will walk to school in the rain, but has to comb his hair every three seconds in school!
- ... who can watch eight hours of TV but doesn't have time to sharpen a pencil!

punkers,  
jocks,

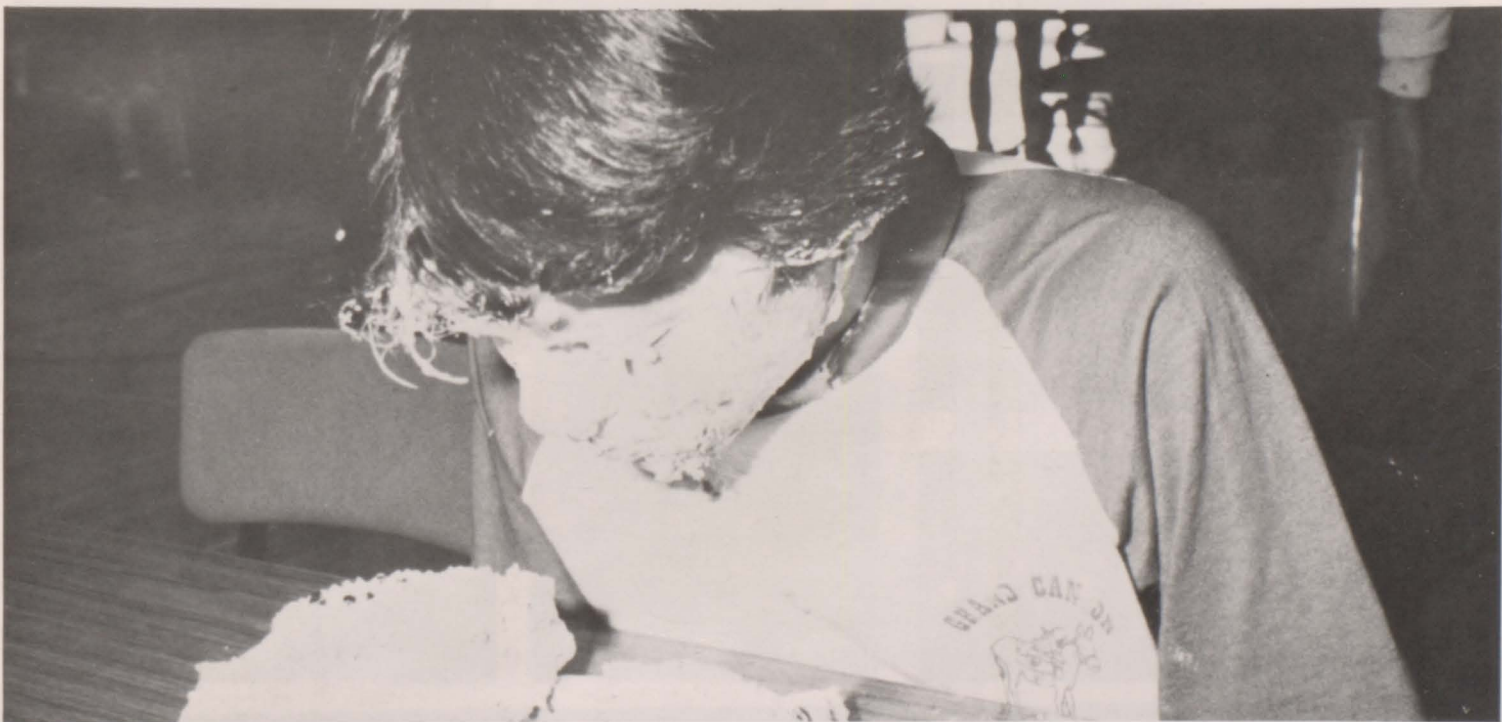

preppies,  
wierdos,

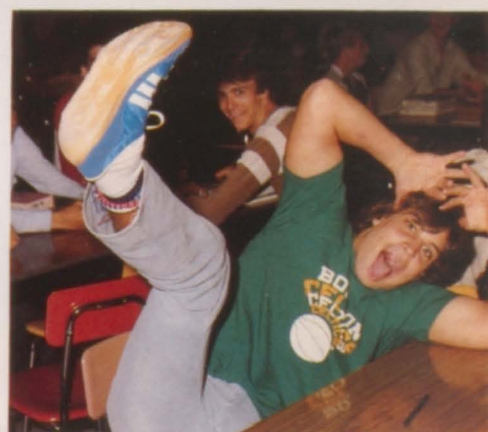

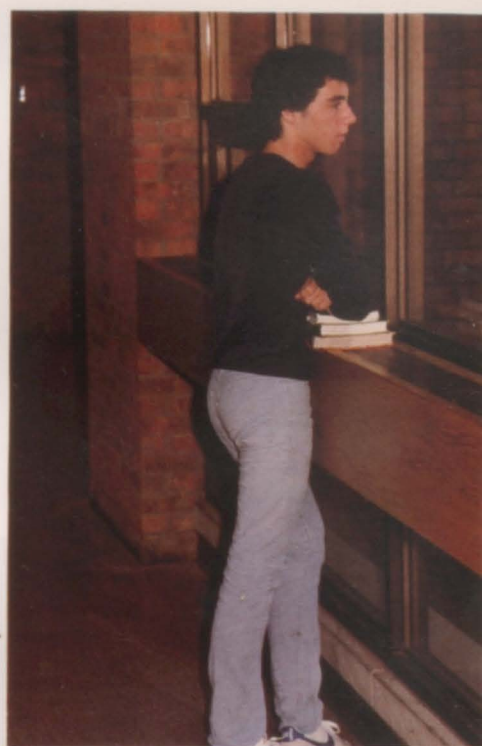

brains,  
hot-rodgers,  
ROCK AND ROLLERS!!!!!!

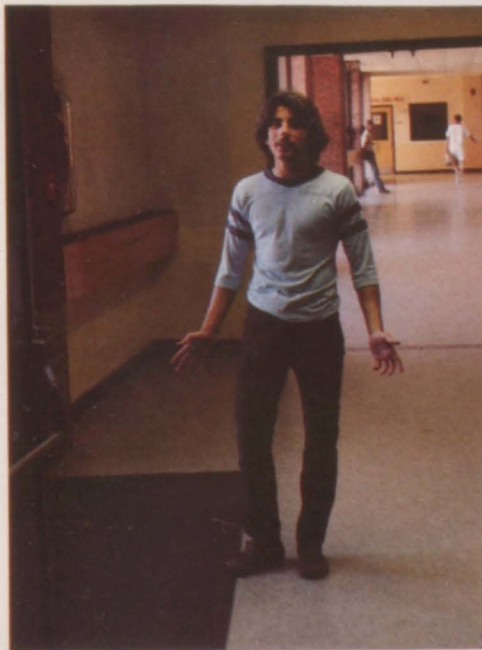

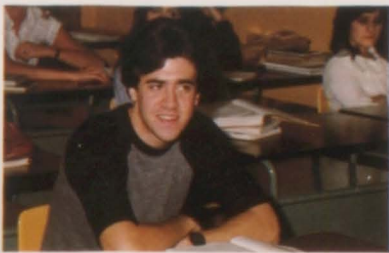

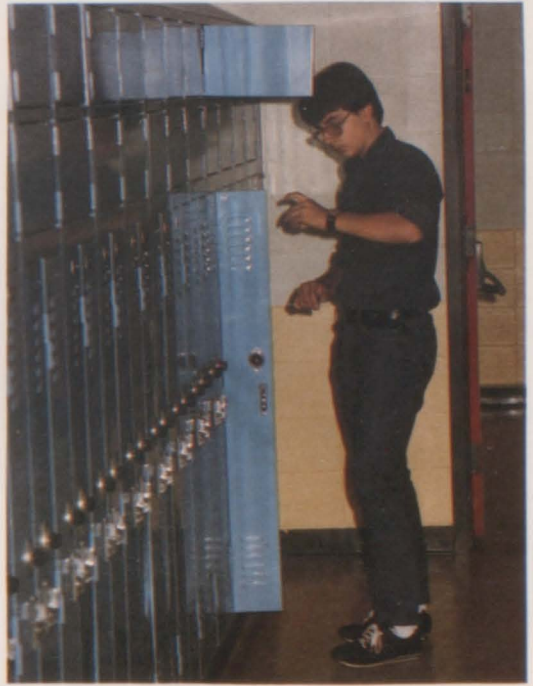

Did you ever have a secret journey?  
Don't you know it could come true?  
Now's the time to set wheels turning  
Open up your life for you.  
If you take life as it brings each  
gamble,  
Throw the dice, take your chance,  
You may see it from a different angle.  
As you, too, will join the pace ...  
Do as you do, be as you be  
Make it real,  
Your fantasy.  
--- Jay Hoff

When I look  
At the world  
I truly see.  
When I listen  
To the music  
I truly hear.  
But when  
I sit and think  
I truly ask why.  
--- Wendy Rickett

# The Oaker Year

1982 was a different year. Reagan cut student aid and many of us wondered what we'd do. Grades suddenly became more important than ever and we became steady customers at the library. We threw ourselves into sports and clubs, planning field trips, plays, dances, homecomings, and games. What a year! And what a team!

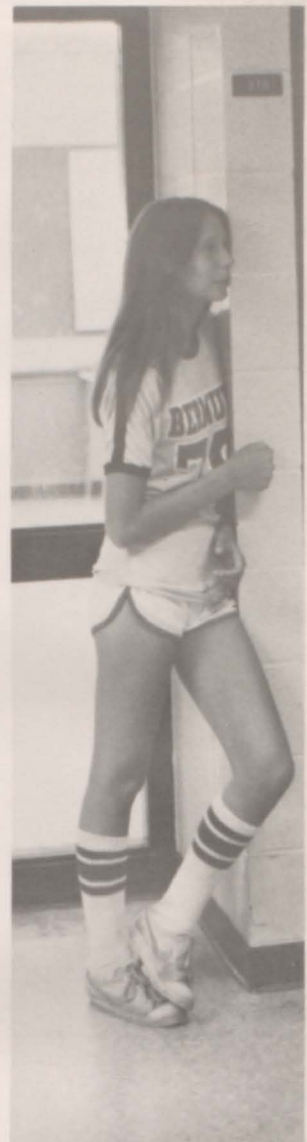

One starts with an idea  
And by dwelling on it,  
Inside the depths of his mind  
One may turn that idea  
Into a dream.

To turn that simple dream  
Into a reality  
A goal one must present  
One that he will keep  
One that he will redeem.

To keep that goal alive  
Patience must be shown,  
For one cannot begin at the top  
Each step must be taken  
To make an advancement.

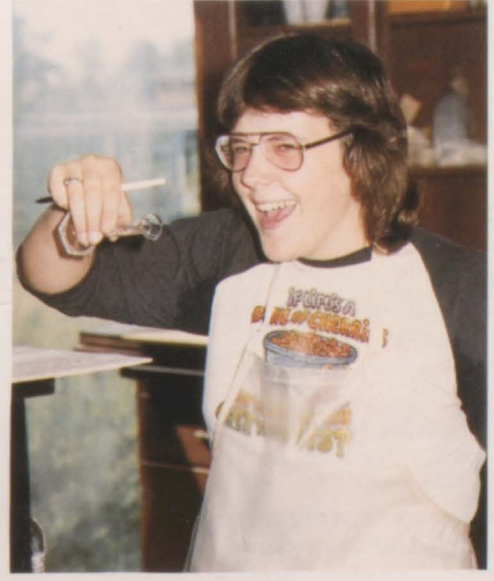

Finally, to complete the goal set,  
Inside there must exist  
A pride in one's workmanship  
If one wishes to excel  
In his commitment.

--- Mark Rezendes

# Oaker Future

Within our school we have so many talents. We have future presidents, congressmen (*AND WOMEN!*), and scientists. We could even be Nobel Prize winners, parents, or Olympic athletes. More than anything we will be happy.

We have our memories of CHS and our shared ambitions. We could and can be different. Success and the Oakers — they go together!

TO THE FUTURE, WITH HAPPINESS!

Growing up skyward,  
The large oak meets the sun.  
While resisting weeds,

The roots draw water to the tree's  
peak.

The tree grows so high  
It becomes a prisoner of the sky;  
Only to find

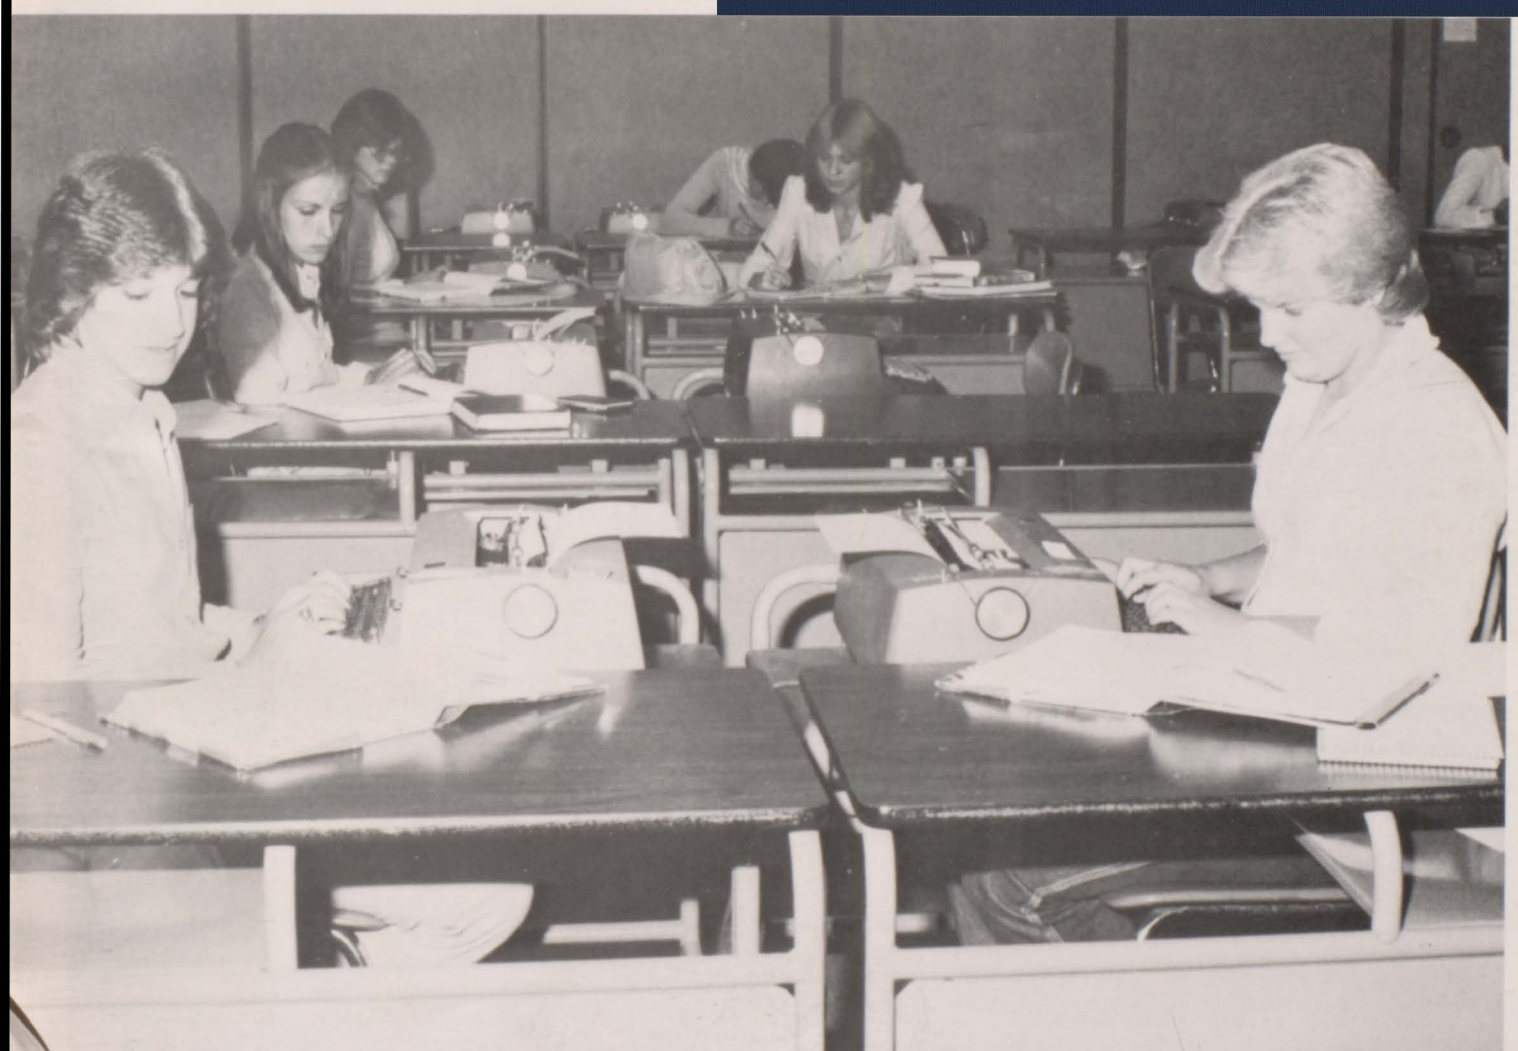

It has no more protection.  
The mighty oak has to handle its own  
weather.

Each day is a challenge.  
It strives for freedom,  
But only time will tell,

If it fails or succeeds  
Its course of life.

--- Bonnie Smith

# SENIORS

As another year is underway, I sense again the enthusiasm and excitement of young people ready to bring to a close one chapter of their lives and to open the book on new opportunities and experiences. I see in those you have chosen as leaders the ability to organize and direct, but more importantly the example of good citizenship and wholesome attitudes. It is my earnest prayer for each member of the *Class of 1982* that, as you have deemed these qualities to be important in the leaders you have chosen, you will follow their example as you find your place in the larger world. May God challenge each of you to use effectively the gifts He has given you.

Joan Robertson  
Senior Class Advisor

The Class of 1982 is a class full of spirit and high energy; a class demonstrating much enthusiasm and pride toward achievement. Throughout our three years here at Coventry High, we have developed many close friendships and created several cherishing memories.

Although parting, we remain together, as a group, striving to improve our community and to create a happy and rewarding future.

I truly and sincerely wish each and everyone of our "crew" a very rewarding, prosperous, and healthy future, one full of love and happiness. God Bless you and smile.

Never underestimate  
the power you attain.  
Your drive and your ambition  
will yield a worthwhile gain.  
Your faith in self-accomplishment  
will always, serve you truly.  
And sunshine, pride, and happiness  
will always follow you.

*Be Happy Always!*

### THE CLASS OF '82

Now it's time to say goodbye  
To all those times we've shared.  
A time to laugh, A time to cry,  
A time to show we've cared.  
We'll travel down the road of life  
Seeking our fortunes kind,  
Meeting some pain, meeting some strife,  
Think of friends left behind.  
Thoughts of school will never die,  
They'll always be locked in our hearts.  
Memories that made us think, and sigh,  
Of friends who'll never part.  
Old friends are important never let them go,  
We'll remember them in all that we do.  
Think of the past, and we will know,  
That we were the class of '82.

Christine Leite

If you want something,  
Take it now;  
While it's still within your  
reach.  
Just find the nearest rainbow  
and follow it to the end.  
There you'll find all the  
happiness  
and freedom for which you  
search.  
Do it today, for if there is  
a tomorrow,  
there may not be a rainbow

# CLASS HISTORY

As years pass, we find ourselves reflecting on our memories of Coventry High School:

There were both good and bad memories, but the most shocking one was in our *sophomore* year. We were absolutely stunned by the size of CHS and the number of self-assured upper classmen. But we fought back and became involved in dances, Battle of the Bands, the Varsity Review, and Spirit Week. We elected Judy Howard class president and turned to Mrs. Glawson for help. The Class of '82 was on its way.

As *juniors* we once again chose Judy Howard as class president. Mrs. Cyr came to our aid and helped us as we ordered class rings and went through the traumas of planning the Christmas Ball and the Junior Prom. The night of April 24, 1981 was wonderful, as we crowned Karen Monopoli prom queen. Class Day, June 11, was the culmination of all our hard work. We officially became seniors; *The CRAZY CREW OF '82* had arrived.

Returning as *seniors*, we once again elected Judy Howard class president. With Mrs. Robertson's help we started to prepare for our best year yet. We prepared an exciting Homecoming Weekend, with a dance, parade, and action filled game. We crowned Bryan Menge and Lee Talbot King and Queen. We ordered caps and gowns and suddenly graduation seemed a reality.

Seniors showed their talents in a successful Varsity Review and a very funny Senior play, *THE BUTLER DID IT*. May 28, 1982 was another magic night as seniors attended the Senior Ball. On June 10, Coventry High School witnessed Class Day 1982. Finally, it was Graduation Day, June 12, 1982. On that evening each student walked proudly across the stage to receive a well-deserved honor - to be a graduate of Coventry High School.

The rest is history, the history we will write for ourselves. We, the *CLASS OF 1982*, are made for success.

And now, I do believe  
That even in the storm  
We'll find some light.

Knowing you're beside  
me

I'm all right

In the chill of the damp night,  
I ran silently and swiftly  
to reach my destination,  
Thinking as I went,  
of the despair and regret  
we must face  
At tomorrow's departure.  
It is strange  
that after so short a time  
We must return to ourselves  
To our own minds,  
and decisions.  
Why must we face this?  
Why must we be forced down again  
into the space  
from which we've just emerged?

As I reach your door,  
I hesitate  
Will this be the last time?  
The last happiness we will know?  
Perhaps years will pass,  
and yet, we are forced to accept it,  
For we are not yet old enough  
for minds of our own.  
Finally in your arms,  
I realize,  
This isn't the end!  
It is only the beginning  
The youth of our love,  
and happiness,  
only our first departure.

## THE MIRROR

I look into ... The Mirror  
and see my reflexion.  
If I continue to stare  
I see through ... the mirror  
and into my thoughts.  
When I look away from ... the mirror  
My Mind still flashes  
through what it has seen.

## Our Sand Castle

We built our castle in the sand  
and then slowly it was swept away.  
An Ocean Wave with its magical powers has moved in  
with the storm. It has swept our dreams away and stold  
our hopes.  
Like the first frost of winter leaving  
everything so still.  
Maybe when the sun finds its way through the clouds and  
the storm passes, we could rebuild our dreams and live in  
our castle  
in the sand.
