Legend has it that about 350 years ago the Narragansett and Nipmuc Indians reserved a large portion of land in middle Rhode Island as a favorite hunting, fishing, and trapping area. This was special land because it contained an abundance of animal life and natural foods. When the white settlers arrived, they, too, realized the value of the area and purchased it from the Indians. Soon, small village appeared along the rivers and ponds. Churches, schools, and sawmills were established. By 1741, the population of the western section increased to the point where the residents petitioned the General Assembly for township. On August 19, 1741, the town of Coventry was born! For many years Coventry was a railroad town on the Hartford to Providence route. The town continued to grow and prosper. Today, Coventry is one of the fastest growing and most beautiful towns in the state. Like the Indians of the past, the citizens of Coventry regard their town with a special admiration, pride, and love.

TO THE PEOPLE OF COVENTRY

We, the staff of The Knotty Oak dedicate our yearbook to you the people of Coventry. We wish to thank you for providing us with an excellent education and a rich and wide variety of sports and extra-curricular experiences. Without your support and sacrifices, Coventry High School would not be the respected school that it is today. A school is a mirror of the community. We the Class of 83, are proud of our school and our town. We, also, wish to thank our parents, teachers, friends, and everyone else who has helped to make our years at CHS unforgettable and rewarding. We know that we can successfully meet the challenges of the future and will always have a place we can call home, namely, the town of Coventry.

THE WINDOW
Looking out the window
I see my life go by
Waiting for the future
and trying not to cry.
I see it now arising
Like the sun in early morn,
As I recall the old days
That now have come and gone.
There have been the good times
And of course there's been the bad,
But the times I have spent with you
Are the best I've ever had!

TRUST
I trust you! I want you to trust me.
I will not tell you secrets or use them against you.
I will not intentionally scare you with some unpleasant surprise.
I will not try to hurt you or defeat you,
I will not lie or manipulate you,
I will not try to force you to be someone you are not.
I will not ridicule your feelings or laugh at your mistakes.
Instead, I will try to give you the honesty, acceptance, and love you need to grow.
I will wear your trust as an honor and protect it always, So, pause, relax,
You are safe with me and thank you for being my Friend.
With Love from L.M., L.C., J.R., C.C.
LIFE

Life is so changeable, its people, moods, and ways.
One week you'll have happiness, the next one sadness plays.
Its changing water flowing on, like ripples in a stream,
How sweet if we could have a wand to change our every dream.

A Moment here, a moment there, and then it flees away,
A smile, a word, a tear was shed, but never there to stay.
A loved one looks and speaks to us, we capture it today
Like rays of sunlight from above, but never there to stay.

Once a babe in mother's arms, so helpless and so small
Now a man through tears see trees so stately and so tall.
We never have what has gone by, each moment was before,
Lock in your heart your memories, your memories galore.

Because when life we wander through, a day, a month, a year,
We're closer to the reason why we're born, its coming near
As leaves turn red, as trees grow bare,
As snow it came and fell, we're born, we're here a moment
Then - we're gone, no one can tell.

THANK YOU

So many dreams inside my mind,
Though darkness came around,
And joyous times I've had many,
Still, I'm headed homeward bound.
I've loved many people through time,
Although distant I still do,
I've shared with a lot of special friends,
And some of them are you.
I'll remember those smiles you gave me,
And how your friendships made be believe,
When the roads ahead seemed long and lonely,
You were friends that would never leave.

And though life goes by so fast,
And seldom the chance comes to say,
"Thank you" for just being there ... friends ...
I'll hold the memories of you all as I go on my way

Good-bye ... Good luck ...

The Best There'll Be

SENIORS

WHAT IS A SENIOR?

A Senior is a person who knows that they have arrived! Most of us have made our career decisions - college, trade schools, military, jobs, etc. Most of us are busy applying to schools, asking for teacher recommendations, seeking scholarships, and applying for jobs. It is a year of hoping. Will we get what we want? Will that school accept us? Will that company hire us? Being a Senior is to experience pressure for the first time and learning to cope with it.

Being a Senior is also time for late bloomers, the student who took the easy way out or experienced problems of growing up, to reassess themselves and decide to make up what they missed and be a success!

Being a Senior means having Senioritis! We are so concerned with the future that we often forget to focus on the present. We let our grades slip. We forget that we haven't graduated yet!

Being a Senior is a time for ending friendships and beginning a new life. The Senior Ball, Class Day and Graduation are the highlights and climax of our career as students at Coventry High School.

Class Day is the most emotional day in our four years at CHS. We march proudly into the auditorium. This is our day, our last day as students. There is no tomorrow! We leave that auditorium filled with tears and emotion. We bid a fond and loving farewell to friends and teachers, fully aware, that despite all of our promises of maintaining these friendships, we will never see most of these people again! However, we leave knowing that we can face the future. We are prepared. If we succeed or fail, that will be up to us. To most of us, there will always be fond memories of CHS, a place that we can call home.
The Class of 1983 has grown very close in the past four years. We have pulled together as a close-knit group ever since we were introduced to Coventry High School as the first Freshman Class. At first we were a bit frightened of Coventry High School; we felt out of place. Well, that did not last for long! With the help of many caring teachers the Class of 1983 grew with Coventry High School, or should I say Coventry High School grew on us. We became a part of our school! Since our first year as freshmen, the Class of 1983 has demonstrated an air of high ambition, a sense of spirit, and a strong feeling of pride.

Although we are departing, we still have the many cherished memories of Coventry High School. These memories will remain with us throughout the years. As we grow older we will appreciate all of the wonderful moments we have spent in our high school years.

All of us will be following different directions. We will be learning about ourselves and about life. No matter what path we choose to follow, we must always strive for the best. I am confident that the Class of 1983 will remain the ambitious group that they are. I wish a bright and prosperous future to all my classmates. Thank you for making these past four years an unforgettable experience.

Love and Happiness Always,
Lynn Dyer
Class President

To the Class of 1983:
As your years at Coventry High School draw to a close, I hope that you will look forward with a sense of anticipation and eagerness to whatever the future holds. I truly believe that the quality of our lives is determined in large measure by our own attitudes. We can surround ourselves with pessimism and defeat, or we can approach life and people with faith and hope and love. These are the qualities which make all the difference. May God guide you in your choice.

IN WITNESS WHEREFORE, WE HAVE HERE UNTO SET OUR HAND AND SEAL; AND DECLARE THIS TO BE OUR LAST WILL AND TESTAMENT, THIS ELEVENTH DAY OF JUNE, ONE THOUSAND, NINE HUNDRED AND EIGHTY-THREE SIGNED: THE CLASS OF 1983
These Were Our Days  
A History Of The Class Of 83

We entered Coventry High School as bewildered, frightened freshmen; for we were the first freshman class to enter Coventry High School. At first we were lost in this big new world; we felt out of place. But it didn't take us long to become part of Coventry High School. We started off the year by electing Jane Greenalgh as our class president and we turned to Mr. Cupples, our class advisor when we needed a helping hand. The Class of 1983 showed great enthusiasm in participating in such events as Homecoming and School Spirit Week. Well the warm weather began to set in and before we knew it our first year at Coventry High School was over. The Class of 1983 had arrived!!

No longer freshmen, we entered Coventry High School with confidence. As sophomores we elected Betty Black to lead us and brought our many problems to our class advisor, Mrs. Clawson. This year Homecoming week meant even more to us; since we were beginning to acquire the customs of Coventry High School. Our high-spiritedness was demonstrated tremendously during School Spirit Week. As the months passed we grew closer and closer to the end of another school year. At last summer was here and our sophomore year came to an end.

As juniors, we again chose Jane Greenalgh as our class president and Mrs. Cyr was to guide us through the year. We started off the year by ordering class rings; which we received before Christmas. As the spring months approached; so did our Junior Prom. The enchanting evening of May 7 brought us a night of excitement at the UCT Ballroom in Johnston. We danced to the music of “Just Friends” and watched Lynn Dyer being crowned as our Junior Prom Queen. Before we knew it we had to begin work on Class Day Ceremonies. On Class Day we honored seniors and officially turned OUR rings around and became SENIORS!!! Oh what a feeling!

Our senior year finally arrived, and we elected Lynn Dyer as our president and Mrs. Robertson was to help us with our final year. We started the year off with an exciting Homecoming week and elected Steve Wiatrowski and Lynn Dyer as king and queen. Our senior year flew by and much to our surprise it was almost time for our Senior Ball. June 4 was an important evening for the Class of 1983; for it was one of our final evenings together.

Days later we were honored by the Juniors during Class Day festivities. As June 11 came closer our anxiety also grew. Finally June 11 arrived and graduation ceremonies proceeded in a beautiful ceremony. Well we made it! The Class of 83 had left its mark on Coventry High School. Now it is our turn to go our separate ways and to make the most of our lives. GOOD LUCK ALWAYS!!!

We've Got Tonight

As the Juniors woke up on the morning of May 7, their thoughts focused upon what the evening held in store for them! During the past few weeks, the girls had been hustling and bustling to countless stores to find the most beautiful gown for the Prom. The boys had been busy being measured for tuxedoes. As the day went on, anxiety mounted and the Juniors voted for their future Prom Queen.

As evening approached, we found ourselves on the way to the UCT Ballroom in Johnson. As we entered, we were confronted by the cameras of TD Brown. Once our pictures were taken, we proceeded to the receiving line, where we introduced our dates and received a program from our Class President, Jane Greenalgh and a favor from Betty Black, chairperson of the Social Committee.

At 8:00 PM the aroma of antipasto and noodles dripping with sauce filled the air. The dancing began as we were introduced to our band, Just Friends. At 9:30 the Junior Prom Queen Candidates were called to the middle of the ballroom! Anxiety filled the air and the faces of the candidates: Betty Black, Tracy Condon, Lynn Dyer, Denise Keager, and Tracy Talbot! At that moment Jane Greenalgh announced the queen and her court. Lynn Dyer was crowned Junior Prom Queen and received embraces of congratulations from the other candidates. The evening concluded with dancing, music and fun! We left feeling the Prom had been a success! It was a night of dreams and memories that would not be forgotten.

WHAT IS A JUNIOR?

The Junior year is the most important year in our high school career. Hopefully, we have learned from our past mistakes and are ready to complete our education. This is the year to make career decisions. Applying to college, vocational schools or planning for jobs take on a special meaning. Many of us dread the term SATS! Our teachers demand more of us than before and school takes on a much more serious tone. However, we quickly adjust and succeed.

The fun of being a sophomore and a “child” is gone forever. Now, we are treated as adults and are expected to respond in a similar manner. Most of us have learned to budget our time and understand about priorities. This is the year that can make or break you! After all, we must pass United States History, as well as English!

The biggest events in our year are receiving our rings and attending the Junior Prom. Both events produce a feeling of joy and happiness. We know that we have arrived! However, both events also produce a sense of sadness. For the first time we realize that our care-free school days are almost over. We bid a fond farewell to our Senior friends.

Class Day is the most emotional day of our year. We enter the auditorium as Juniors and leave as Seniors! When that gavel of authority is passed to us, there is a feeling of sadness. This is the last time that we will see some of our friends. For the first time we are alone and the burdens of school leadership are now upon our shoulders.

WHAT IS A SOPHOMORE?
According to the classical definition, the word sophomore means Wise Fool! A person with an inflated opinion of himself. How many times do we live up to this definition. As sophomores, we think that we know what school and life are all about! We make career and job decisions - many of which are beyond our abilities. We are so sure of ourselves and are filled with the idealism of youth. However, reality quickly catches up with us. Subjects we thought would be a breeze overwhelm us. Our teachers demand more work and perfection. We quickly learn that we are not as wise as we thought we were.

As sophomores, we fully involve ourselves in sports and extra-curricular activities. Driver training and getting a license is the most important thing in our lives. We hope and wait for an invitation to the Junior Prom and the Senior Ball!

We make so many mistakes. However, each mistake teaches us a lesson for the future. By year's end, we have matured and learned about priorities. For the first time, we know and understand ourselves and are ready to prepare for the future.

FRESHMEN

WHAT IS A FRESHMAN?

Being a Freshman is a unique experience. When you first arrive at CHS, you are amazed at the size and complexity of the building. You have a feeling of being lost! Finding your classroom is often confusing and you always arrive late!

Class is a new and scary experience. We quickly learn that we are supposed to act and perform as young adults. The teachers expect that we can and will work on our own. All of a sudden, we realize we have entered a new stage of life and we begin to grow up.

Being a freshman is a time to meet new friends. Most of us came from the Junior High, however, many of us came from private schools.

Being a freshman also means learning to cope with freedom and responsibility. For the first time, we have many choices to make, both academically, socially, and extra-curricular-wise.

To many of us, the first few weeks are a nightmare of confusion. Then we settle down and learn the routine. By mid-year, we have adjusted and begin to make our own contributions to the school and begin the long road toward graduation and creating our own unique history as a class of Coventry High School.
