Class of 2014

Sophomores

 **COVENTRY
High School**
Home of the OAKERS

Weathered by experience but still young sprout, the Class of 2014 is a class of super sophomores! Freshman year was devoted to understanding the ins and outs of high school, but these sophomores hit the ground running. They displayed incredible teamwork during Homecoming with an amazing 'Hey Arnold!' float, proving to the other classes they weren't football heads. Although the sophomores dodged the History Day bullet, Capstone proved to be a formidable adversary to overcome. But this indomitable class won't let anything stop them! The sophomores showed off their stuff during Spirit Week, proving to be a darkhorse in the week-long events and even outshining seniors and juniors during events like Color Wars. There is no doubt that the Class of 2014 will continue to show off their super qualities in the years to

Although freshmen get a lot of flak for being, well, freshmen, the Class of 2015 is chock full of bright, imaginative young students. Their roots here in Coventry High School have just taken hold, and while it is not as strong as hold as other classes, the freshmen have a fantastic energy and enthusiasm that makes them unique. The Class of 2015 quickly learned that high school is a far cry from middle school. There was a lot to learn in a short amount of time, from navigating the winding hallways of CHS to sampling a more varied lunch menu. But with a little help from the task, the Class of 2015 adjusted with admirable speed. They experienced their first

Nikaylia's 2012 Graduation Day

We are so proud of Nikaylia
On her 2012 graduation day
She turned a fresh new corner
There is just so much to say

For she has passed a milestone
With so many special memories
She is so beautiful and so talented
With amazing qualities

Coventry High School and Johnson & Wales
Is what you did your senior year
You made the JWU Dean's List
And completed your High School tasks with a cheer

Of course there are always
Bumps rising in the trail
But with Nikaylia's determination
How could she possibly fail?

So we look at Nikaylia's 17 years of pictures
We know that she will go far
Whatever direction she takes in the future
She will always be our shining star!

Congratulations Nikaylia!
