THE KNOTTY OAK

Letter from the Editor

Dear CHS students and faculty,

You are here. Whether you are a freshmen, sophomore, junior, senior, or faculty, you are at a point in your life where you may never be again. Take a moment and forget about your past, stop worrying about your future, and live in the moment, because what is happening now is what matters most.

Freshmen. Welcome to our school filled with several new and unfamiliar faces. I understand first hand how overwhelming high school can be as you search for your place. Focus on your future and your high school journey will fall into place. Let this be a positive change in your life and start off your high school career strong.

Sophomores. You aren't the babies of the school anymore. Now that you have settled into the school, it's time to get yourselves involved. Participate in events, the school doesn't host them for nothing. Events will help keep you involved, and these events oddly keep you sane. Take part in spirit week, attend dances, games, shows, etc... These are the things you will look back on and remember most.

Juniors. Pay attention in school. You may feel that much closer to graduation, but you can't slack off now. Colleges have begun watching you. Show them what you are capable of. Stay grounded. The people that surround you are going to come and go. Let the bad friends go and make room for better people to enter your life.

Seniors. We've finally made it. After four long years of smiles, tears, screams, and laughter, we are here. In the blink of an eye, we will be crossing the stage. We will soon be set free into the real world. It's been a crazy ride and I wouldn't have wanted to spend it alongside anyone else. I wish the best to each of you and I hope to see you all in the near future.

Teachers and faculty. I would like to thank all you for your help throughout high school. I feel as if your time and effort is not shown enough appreciation for, but do know that us students are very thankful to have such amazing teachers. We wouldn't be here without you.

Each and every one of us as individuals are at different points in our lives, yet we still manage to come together as a whole. Our school at its entirety is here. We are here, together, in this moment. We are Coventry High School. Together. #GoOakers

the amazing Class of 2016,

be one of the first to offer congratulations as you approach commencement at the Ryan Center in 2016. This, the 82nd edition of the Knotty Oak has a unique theme: **"You Are Here"**. Hopefully, for members of the Class of 2016 it serves as a reminder of where you have been, where you currently are and where your efforts will bring you in the future.

ntly, **"you are here"** at senior supper receiving your yearbooks and celebrating your friendships and memories. Tonight, at senior supper, **"you are here"** celebrating as a class and reflecting on how your school has afforded you college acceptances, athletic awards, All-State band selections, recognition in regional competitions and scholarships. **"You Are Here"**, in the moment, celebrating, as it is right to do.

u leave the familiar surroundings of the halls of CHS, the "upperclassmen" cafeteria, the athletic fields for youth, your "parking lot", your Chromebooks and your advisories, know that many more opportunities will await you. Your efforts will create experiences and opportunities for you to once again experience **"You Are Here"** ... at your college graduation, at a work promotion, at your marriage, and at your birthday party. In those **"You Are Here"** moments, remember the efforts of others that helped you get to your success.

you all great success, any many **"You Are Here"** moments in the future. It has been truly an honor to be your principal.

The Lady Oakers meet in center court after their State Champion win.

Not only did the Lady Oakers finish the season strongly with 14 wins and only 3 losses, but they clenched back the title as state champions in which they had lost the previous year. For three consecutive years prior, the girls held tightly onto the title as state champions until they encountered a tough loss in the 2014-2015 season. Although losing the label was tough for the girls, it gave them another reason to work harder. Sure enough, the girls had enough positivity and motivation to get them through the season leading them to possess the heading of State Champions once again!

Drama Club

The line item of our extracurricular activity in the contract is entitled only "school play" and in many high schools, this may be the case, with all the amateur and socializing agenda such words evoke. It is not so here. What we have at Coventry High goes far beyond this view as the above historical information demonstrates. What the label "drama club" actually reflects is a real Theater company at this high school, one with highly professional standards, a company of which the students, staff, school board members, and community have come to acknowledge and often speak of as being on equal footing to any university/college program in the state, and even comparable to work done at Trinity and other Professional Arts' Organizations. Of any extracurricular activity, we may represent the most diverse heterogeneous grouping, which includes all secondary age ranges, all learning levels, and all personality/physical types, and combines them to become truly a team, on and off the stage. In fact, "unity as a team" is our theater family's ongoing motto. The membership of the organization is fluid as there are no monthly meetings, officers or the like. We typically present two productions per year and represent at the school's "community night" event all being activities which involve hundred's of hours for 5 to 6 months of the school year. We generally involve 100-200 students per year. While the obvious purpose of "Drama Club" is to present theatrical productions utilizing the after school program as a learning laboratory.... the educational and personal purposes are to enrich and change lives, to collaborate, to cooperate, to develop self esteem and presentational skills, to improve the quality of lives, and a wealth of untold benefits.

The Wounded Warrior Project is a nonprofit, charity veterans service. It offers a variety of programs, services, and events for wounded veterans of the military. The organization was created by John Melia after being severely wounded in a helicopter crash while serving in Somalia in 1992. John created backpacks with supplies that could be used to help wounded veterans, this was his way of giving back for what he had lost. This year, Coventry High decided to take physical activity outside of just gym class and sports. Students and faculty made a commitment to do what they could to repay these soldiers for their bravery and service. We created "Burpees For The Brave". The idea was constructed by gym teacher, Mr. Stephen McKanna with the belief that if every burpee is sponsored, we all as a school could raise enough money to donate to this organization. In hopes to start a movement at Coventry High, he hopes that it can be spread to other schools in order to do the same.

Benjamin Read, Freshman, Fundraising

What is a burpee?

A burpee is an exercise used in military training. Beginning in a standing position, drop down into a squat with your hands on the ground. While kicking back your feet, keep arms extended and complete a push up. Lastly, return to the squat position and jump straight up.

To my first born grandson what a joy for your grandparents to hold and see you grow to be a young man. The fun times we've had as family and more to come. Can't wait for the day of your graduation to see your victory and to see your future blossom! This was taken by your mom and dad a few days before Christmas. Your dad pulling you down a hill and your mother SCREAMING at your father. "ARE YOU CRAZY"

Peter Massarone

Your hard work has paid off!!
We're all so proud of you and excited for your future!

Love, Dad, Mom, Grandma, Scott,
Chris, Matt, Bryan, Katie

Katie, words cannot begin to describe how proud we are of you! You have grown so much over the last four years, exceeding our biggest hopes and dreams for you. Your high school years have been a journey that we are honored to have been part of, a journey that showed us as much about ourselves as it did about you. Your diligence and work ethic to always strive for your personal best has not only made you who you are, but has challenged us to become better parents as well. You are, and will continue to be, a person who will make this world a better place. As you close this chapter of your journey and begin a new one when you graduate from high school and get ready to start college in the fall, we are left with mixed emotions. Just as you are concluding a successful high school career and embarking on a new venture, we find ourselves feeling both happy and sad that our little girl is growing up. Katie, we are so proud of all that you have accomplished and all that you have done with your life so far...we cant wait to see what the future will hold for you! There is no doubt that you will find success and continue to make us proud.

Selena,

You have grown so fast it seemed like yesterday when we held you in our arms and looked into your eyes for the first time. You have blossomed into a beautiful young woman ready to take on a new chapter in your life, a time that makes us proud and sad all at once. But we know your kind, loving, creative, and fun personality will surround you with great friends where ever your journey takes you.

Always work hard and always believe that you can achieve your dreams. Life had its challenges so never let anyone or anything steal your job. Whether near or far we will always be with you to support, listen, advise, or just have a shoulder to lean on. Always have faith in God and keep him in your heart.

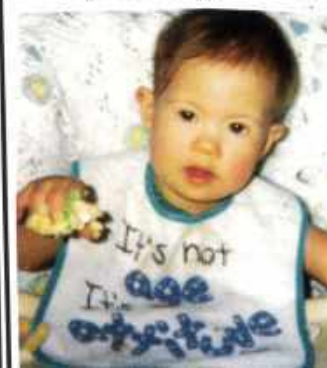

We love you more then every grain of sand on the beaches and beyond and as you would always tell us when you were little."You can't top that!"

Love you always and forever,
Dad & Mom
