**Your mission,  
should you  
choose to  
accept...**

Attend Coventry High School for four years, 180 days each.

You will disguise yourself as an average student. Keep in mind your main objective is to obtain knowledge. Do this by attending classes in English, Math, Science, and Social Studies. You can also join clubs, activities, and teams. These will help you to develop your own skills and interests. Attend balls and dances, pep rallies and football games. These events will further your relations with the student body.

There will be times of difficulty. Your progress will be assessed in the form of mid-terms and finals. However, if you have kept your objective in mind, there should be no difficulty. On your mission you will interact with other students, form life-long friendships, and develop as an individual.

At the end of these 180 days some of us will have completed the mission and be reassigned, while others remain behind to complete their own personal missions. Regardless of our next assignment, at the end of these 180 days, each of us can proudly say, "Mission Accomplished!!"

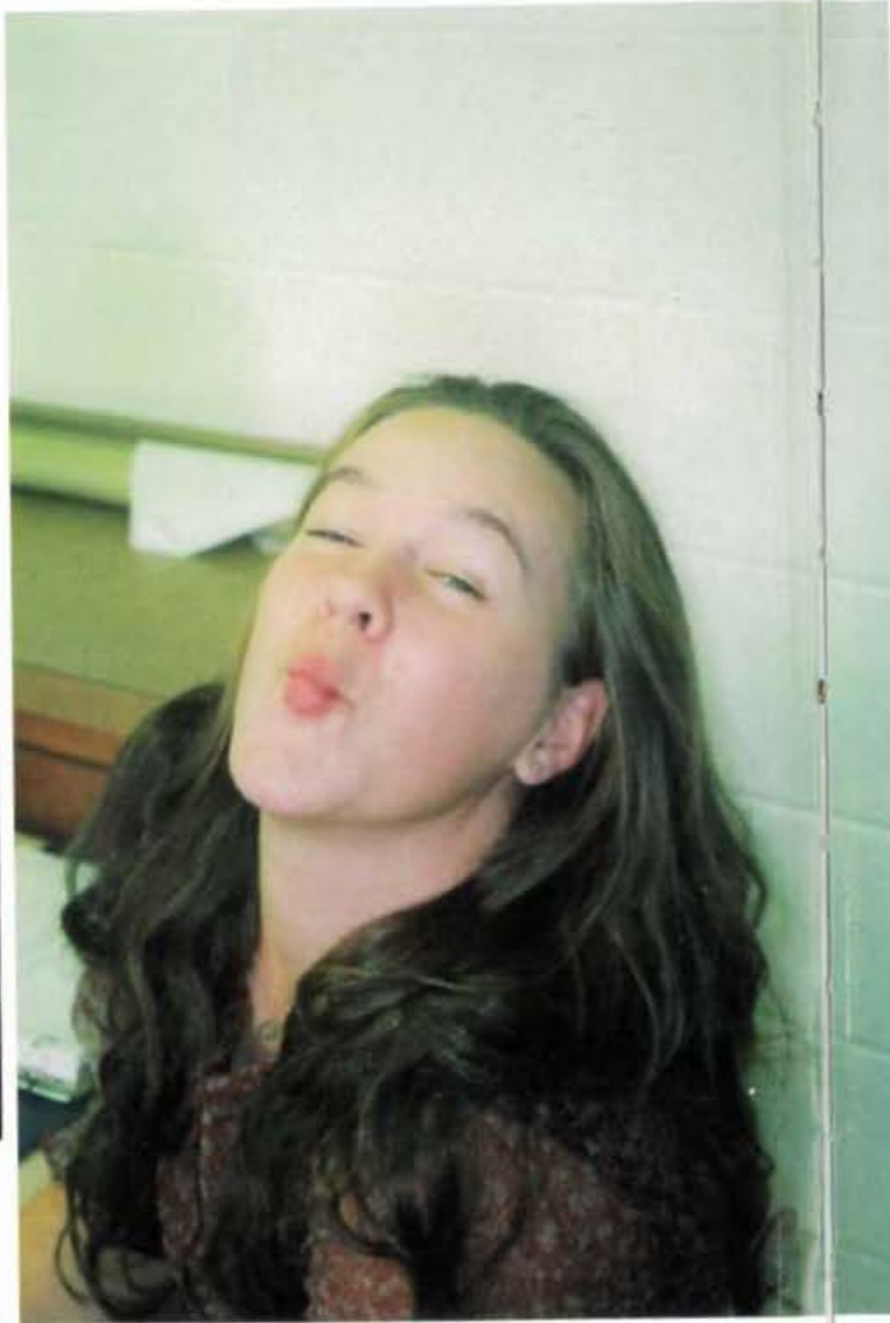

## Seniors At Work and Play

Seniors do so many things, it's hard to present them all. Here are some of our favorites, accomplishing their mission and some taking a quick break.

Right: There it is. Proof positive, Marlen Zagorski is indeed a fish.

Below: Jessica Brisette and Kate McHugh present us with their oragami talents.

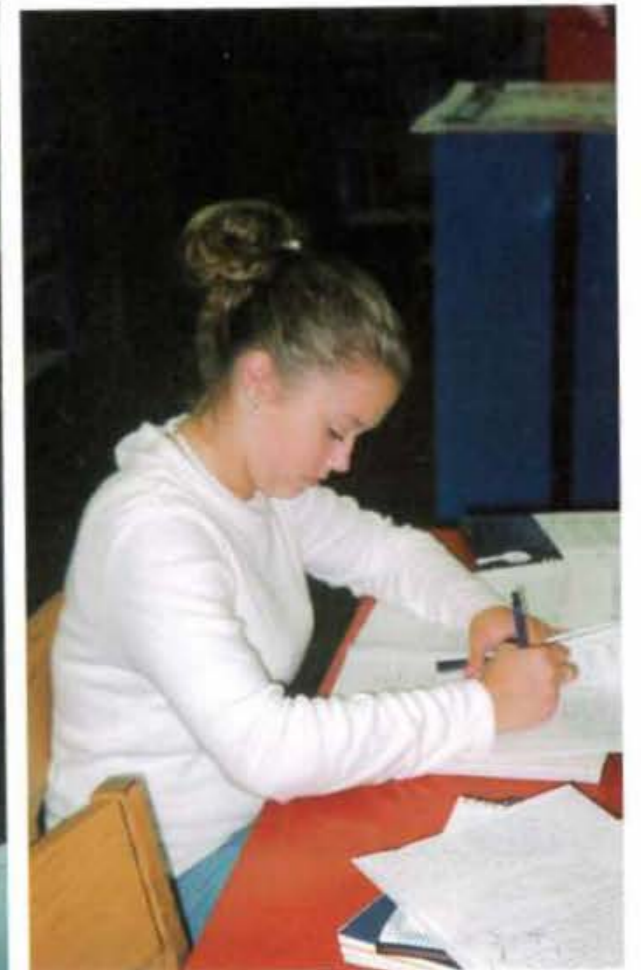

Right: Aiming to please, Jay Christianson serenades his classmates.

Below: Matt Pensack ponders the question: "How do you know which ones are boys and which ones are girls?"

Left: Matthew Hayes and Jamie Hull take a quick break to smile for the camera.

Below: Being as studious as she can, Shannon Fay tackles the infamous psychology charts. Below left: Brittany Shaw attempts to cover her work exclaiming, "Don't look! It's not finished."

# HOMECOMING 2000

Homecoming 2000 was a day to remember. Homecoming events began with a festive parade, where all four of the Coventry High classes and a few of the school's clubs displayed their school spirit. The parade started from the Coventry Credit Union and ended at the school's grounds. Float themes ranged from "Survivor" to Halloween themes.

Following the parade, Coventry's faculty and students alike, lined the football field cheering on their team. Despite a fine effort, the Oakers lost to Cranston East, 21-14.

As if a parade and stressful game were not enough, Coventry High School continued their Homecoming activities that night with a culminating dance. The dance was held in the gymnasium from 7-10 PM. The theme of this dance was "Starry Night." A nice addition to this theme was that the room was illuminated by glowsticks. All in all, Coventry High School had another successful Homecoming Day.

Top right: Audra Medieros successfully heads up the Student Council float and inadvertently blots out her boyfriend's face.

Above: Steve St. Amand scampers away from the evil Toll Gate defender.

Right: New-crowned monarchs Mike St. Amand and Sara Lyons cannot contain their giddy grins.

Left: The Tiki god uses his mystical powers to adopt the body of Ryan Shibley.  
Below: Mr. Smith does his best to make 5,000 red uniforms not clash.

Above: The senior class did not win the float prize, but did win the consolation prize of Most Exposed Navels.

Left: The junior class did win the float prize, despite having no more than four exposed navels, a feat no one dreamed possible.

# Class Day 2000

Below: Note the joy on Justin Chin's face as he can no longer be called a 98-pound weakling.

Above: Mr. Hobin (Dan Messier) belts out his rendition of "I Feel Like A Woman."

Right: Beware the wrath of an aggravated Mr. Brissette.

Above: Erin Simmons and Beth Catanzaro emphatically demand the right to wear non-matching outfits.  
Right: Janine Sgagliardich (Georgia Drought) is dressed for her union with Mr. Whetstine.

The 2000 Class Day was an outstanding success. The class of 2000 was sent off in a fitting manner, including an excellent skit by last year's junior class. None were safe from the scathing satire, as everyone from Amanda Costello (played by Amy Morin) to Brian Beaudoin (played by Justin Chin) to Mr. Hobin (played by Dan Messier) fell victim to the parody. The skit's setting was a ten-year reunion for the class of 2000, in a farcical world where Vinny Messolella (played by Chris Cohen) was a famous actor, Richard Coy (played by Brad Kirton) was a famous magician/ladies man, and Lara Gast and Sue Colucci (played by Katelyn Costello and Jill Viera) were bums. Teachers and students alike praised this skit as one of the best ever.

Far right: Jennifer Svenningsen, Caty Dowling and Amanda Juriansz have accomplished their mission in true Angels fashion.

Right: Nate Wallace smiles, and after all who wouldn't with Karla Deming and Jessica Willey on each arm.

## Junior Prom 2000

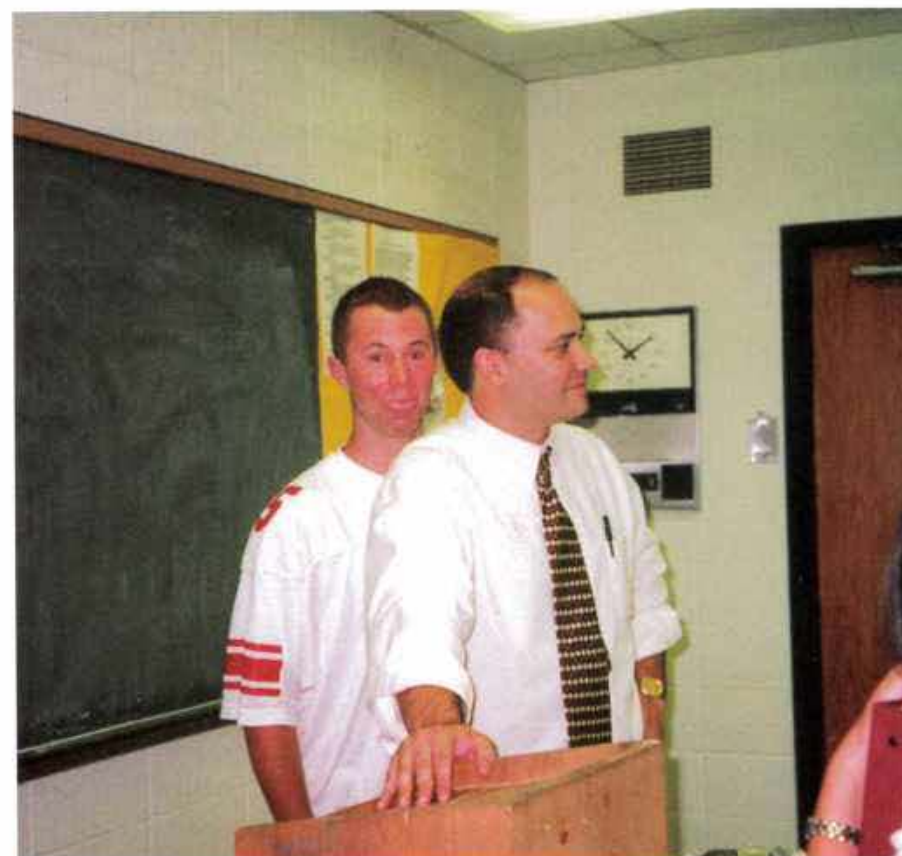

The Junior Prom 2000 was a night this year's seniors are still holding onto. The evening was surprisingly warm for the time of year. The prom was held on April 7 at Rhodes on the Pawtuxet in Cranston. Chicken parmesan, pasta, green beans, salad, and a delicious coffee ice cream cake were served. The DJ played a variety of songs that had everyone up and dancing. Tension mounted as the prom queen candidates were invited on stage. Georgia Drought was named the 2000 prom queen. Dancing continued until eleven o'clock. Afterwards, everyone dispersed to their post-prom festivities. In all, the night was a magical time for everyone, which will be remembered for years to come.

Right: Lauren Chambers, Jennifer Svenningsen, and Danielle Spurr all want to show us their best side.

Below: Todd Southard poses the question: "Is it ethical to give your Ethics teacher a raspberry behind his back?"

Above: Karla Deming says, "Because Mt. Everest is just too far away."

Left: Gloriann Cruz and John Befort stop to show us how cute they are.

# Class of 001 History

## Amanda Falcone

Four years goes by just like that. It seems like yesterday, that we were freshman and arriving at Coventry High School, but it wasn't yesterday. It was the September of 1997. Our freshman year was filled with many memorable experiences. Everything was an initiation into the realm of high school. Sparks flew at our Freshman Semi-formal on May 22, 1998. This, being our class's first dance, was held in the high school's cafeteria and was deemed the theme, "Under the Stars."

The arrival of our sophomore year came quickly. We were already on our way to becoming veterans of CHS. We hosted two dances this year, the Frank Santos dance and our Sophomore Semi-formal, which was held on May 7, 1999 at Evelyn's Villa. We also received our high school rings. These rings were and still are symbols of our growth, maturity, and educational success.

Bearing the label, upperclassmen, the Class of 2001 began their junior year. The junior year was rigorous academically, but the events of our junior year will be forever marked as unforgettable. Winter Ball 2000 was our first big event as upperclassmen. This festive dance was held on January 28, 2000 at the West Valley Inn. Our Junior Prom was held on April 7, 2000 at Rhodes on the Pawtuxet. The theme was "Hold On To The Night" and Georgia Drought was named Prom Queen. It was also in our junior year that we were able to participate in Class Day. We performed a skit that mocked the class ahead of us and who could forget our impression of Mr. Hobin as Shania Twain. At the conclusion of Class Day on June 7, 2000, we were officially considered seniors.

From that moment on, we vowed to make our senior year the best of our four years here, at Coventry High School. The administration granted us the right to senior privileges. This enabled us to come into school after first period, if we had a first period study. Our senior year also was the first year Coventry High School used a new form of scheduling, the block schedule. Homecoming was the first big event of our senior year and was held on October 14, 2000. Mike St. Amand and Sara Lyons were selected as Homecoming King and Queen. Varsity Revue provided us with two great nights of entertainment. Mike St. Amand and Ryan Shibley were our hosts as we sat back and enjoyed various performances. "Winter Wonderland," our Winter Ball, was held on January 26, 2001 and our Senior Prom was on May 11, 2001 at the Newport Marriott. The Senior Supper provided a chance to reminisce and make new memories. Chris Cohen was relieved of his duties as Class President at the conclusion of the year, a position he held for all four years. The Class of 2001 graduated on June 15, 2001.

Above: Mr. Wilkinson entertains the class with his clown nose while Lori Teto wears a hat as instructed. Middle: Jessica Templeton studies the back of Meghan's book which has a myriad of quotes. Bottom: Watch out Australia! Here comes the senior Survivor float!

**Erin Simmons:** Making more money than the rest, and still chillin' with peaches.

**Greg Sisson:** Causing trouble with the crew! Always stay cool, friends for life.

**Todd Southard:** In love with Meg, obsessed with Dave Matthews, and playing my guitar.

**Mike Souza:** Making lots of money, married, and still at the clubs.

**Danielle Spurr:** I'll tell you in ten years.

**Michael St. Amand:** I'll still be at the gym getting buffed up.

**Jeff Sullivan:** Still a freshman in college!!!

**Jenn Svenningsen:** Chillin like Bob Dylan over the hills and far away, and still writing an "effin" book.

**Matthew Taylor:** Still running in circles.

**Jessica Templeton:** Still talking about "Ha-son" with Nikki, driving to Newport in the Yetta with the OLC, and going to "Wharf" dances with Cara.

**Lori Teto:** Still smiling.. And a successful graduate from the university of college

**Drew Thompson:** 6 feet under

**Jen Thomson:** The only elementary school teacher making a huge amount of money, happily married and have a yellow ferrari, famous with Tara in Hollywood, known for our cool dance

**Rochelle Tierney:** Famous, rich, happy and living large, but I will never forget my girls.

**Shannon Tower:** Hangin' with Ashie lookin' for obnoxious Christmas lights.

**Sarah Upton:** Living in paradise with Diana and a bunch of sexy men.

**Jillian Vieira:** Late to work.

**Tom Vilella:** Chillin' with Matt Lindbergh on Kevin's van to couch.

**Stephanie Webb:** Sitting on a cornflake waiting for the van to com.

**Krystal Whitfield:** Married and having my own African food restaurant.

**Jessica Willey:** At Newport Creamery with the girls.

**Marlen Zagorski:** Still trying to convince Dan that there's no blackness in my heart, while driving in his "borrowed" car

**Meagan Rose Zink:** Singing in the sunshine, laughing in the rain.

Right: You should see what everyone sees on the back of Catie McArdle's head that's making the Spanish class smile.

# West Bay

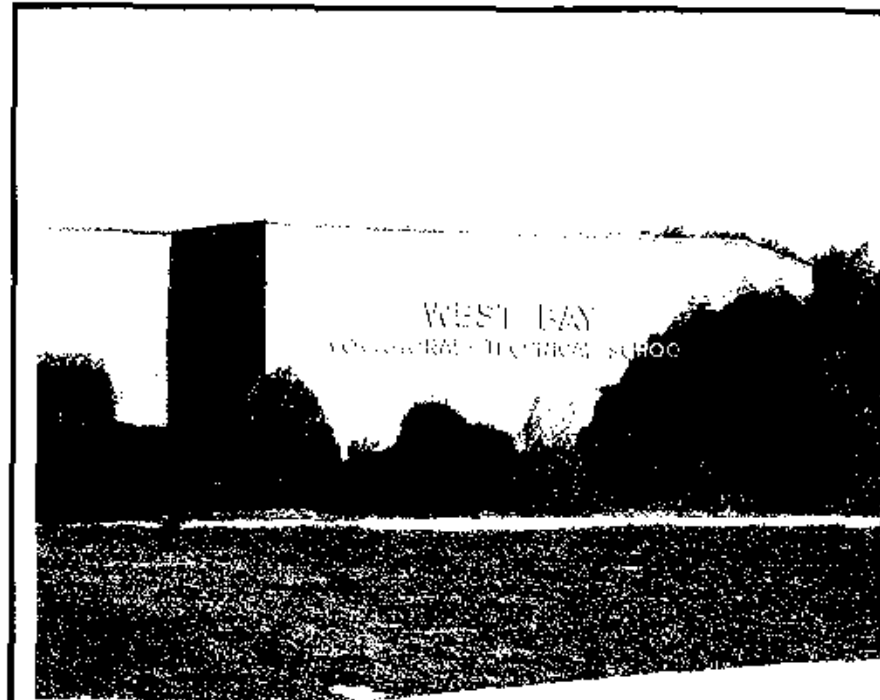

# Career and Technical Center

Mrs. Vivian Seemueller  
Director

Mrs. Jean Walker  
Assistant Director

This will be the last graduating class from the West Bay facility on Foster Drive next to the Middle School. The new annex housing West Bay will be located on the high school campus and is supposed to open next winter.

Eric Marshessault concentrates on his computer screen in Graphic Arts.

West Bay Career and Technical Center provides juniors and seniors with an opportunity for a hands-on experience and the development of the critical thinking skills jobs of the future demand. West Bay is a regional facility servicing students from Coventry, North Kingstown, and Exeter- West Greenwich. These students are offered a wide range of areas to study. These areas are Child Development, Automotive Technology, Auto Collision Repair, Manufacturing Technology, Graphic Arts, Carpentry, Computer/Electronics, Health Occupations, and Culinary Arts. Culinary Arts has a restaurant, The Knotty Oak Room, open to the public three days each week. They also prepare meals for the Assisted Living Program, sponsored by the Coventry Housing Authority.

West Bay students have a chance to participate in many organized activities. Among these activities is Skills USA VICA. Outstanding students compete in local, state, and National Competitions. These students have the opportunity to receive scholarships for continued education.

Several technical areas have established business partnerships. Auto Collision Repair, and Manufacturing Technology observe, job shadow, and have co-op jobs. Child Developments students work in day care center during their junior year, and in elementary school classrooms during their senior year.

Instead of taking traditional final exams, West Bay students are now doing exhibitions. In these exhibitions students display any projects they had been working on for the quarter or research of a problem and the process of attacking it. They present it to an audience of business and industry partners, parents, and school committee. These people then evaluate the presentations.

Starting next year, West Bay will be moved to the Coventry High School.

Below Right: David Cross teaches the class after beating up Mr. Cook.

# Winter Ball

It was a cold night but with warm memories. On January 26, 2001, Coventry High students danced themselves into a Winter Wonderland. The 2001 winter ball was held at the West Valley Inn. Each table was adorned with gold and silver star shaped balloons. After a dinner of pasta and meatballs, we took to the dance floor and showed off

our moves. The night was especially magical for seniors as it was their last Coventry winter ball. The dance was also special for the juniors because it was their first official winter ball. As we walked outside, the snow fell softly to the ground leaving a lasting mark on all who attended.

Above: Mark Golomb and Jason Moore became giddy after slurping their soup. Right: Kelly Nester smiles with glee, and who wouldn't being surrounded by Nathaniel Nelson and Ryan Dempsey. Upper Right: Lauren Mahoney and Beth Catanzaro exercise their right to smile. Top Right: Rachel Pelzer and Sheri Giannatasio work the camera with their perfected diva dance.

Left: Kevin Leandro dances among his adoring fans. Above: Josh Jacques and Charlie Cooper show us that they put serious thought into buttoning their sleeves. Upper Left: Michelle Wilcox and Dan Spalding let everyone know how well they match. Top: Holly Amitrano and Mike Camera pose together before dinner. Top Left: Matt Gravier, Marianne Lykus, and John Byrd decide to bring a little culture to the party.

# Scavenger Hunt

Where were all the Coventry High School seniors and juniors on the Saturday night before Halloween? They were at school for a night of costuming, scavenging, hunting for clues, eating pizza, listening to music and dancing. The school and surrounding grounds were invaded by Teenage Mutant Ninja Turtles, 1950's poodle skirts and Letterman sweaters, pirates, superheroes, the Mafia, Cereal Killers, Smurfs and a myriad of awesome Halloween costumes. The night was planned and chaperoned by teachers who had just as much fun as the students for whom they planned the entire night. There were prizes for best dressed, scavenger hunt completion and door prizes. Prizes ranged from prize packs from 92 Pro FM, to CD's, to seats in any concert for the winning team. Hunt participants were joined after the Hunt by fellow seniors and juniors along with some sophomores and freshmen for a free dance. Hopefully, the night was the beginning of a beautiful tradition. The teachers met their mission... and showed the students that they care by planning a safe night.

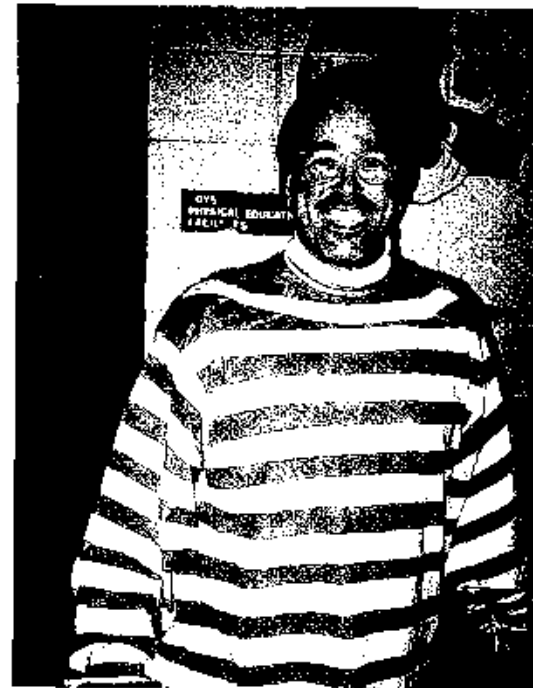

Top: Josh Smith, Jay McNeely, Chris Rocchio and Loren Peterkin are prepared to save the school from the forces of evil like homework and communism.

Left: The Coventry Mafia; Beth Fox, Tim Imbruglio, Michelle Puchta and Adam Sebza, are here to sabotage the fantastic fours' efforts.

Below Left: Nathaniel Nelson, Matt Taylor and Tom Nisbet show their excellent FMT skills as Sarah Burns is revived from a near to death experience as they prepare to win the concert tickets.

Below Right: Mr. Hobin beams because he knows he did a darn good job planning the Hunt.

Top Left: Four little ducks went out to hunt... but first they have an inspirational group hug before kicking some serious tail feathers in the Hunt.

Top Right: Shannon Fay knows exactly how many flags are on the gymnasium wall. Above Right: Catic Cybulski and Jen Minelli can not wait for the sock hop to begin after the Hunt. They just couldn't grasp the concept of a dance. I wonder how they'll feel about Emirem.

Above Left: Leah Hood and Melissa Corbett, the angels, are shown here with their fallen friends, Shannon Breenan and Trish Brennan.

Middle Left: The vampirates started out with 4 members. They just got hungry. From Left to Right are Dan Messier, Audra Medeiros and Brad Kirton.

Left: Matt tends to his sheep. How else can I keep this caption clean? This group won 1st place for costumes.

**Attention  
Junior Class:**

Your mission, should you choose to accept it, is to survive the most important, busiest, and most challenging year of high school. You must also add a little fun, and the school spirit that will define the character of this class throughout the year. During the year many will begin the long, drawn-out process of applying to colleges. Each college bound student will push him/herself to succeed as colleges look at junior year very closely. You will also have a Saturday morning mission, the dreaded PSAT/SAT exams. Others will find themselves entering West Bay to begin hands-on training for their future careers. And others will continue on their journey of finding themselves.

While preparing for future careers and college applications don't forget to maintain a full social life. In October you must design a winning Homecoming float. You must also take driver's education, get your licenses, get jobs, and keep a full schedule of extra-curricular activities. You must win School Spirit Week in February and have a great time at the Winter Ball and Junior Prom.

This message will self destruct in 5 seconds!!!!

Top Left: Cory Adams checks his list twice in his Letterman's sweater at the Hunt  
Top Right: Michael LeClair, Heather Olsen and Nina Patterson venture into the cafeteria looking for lost treasure or concert tickets... whichever comes first.

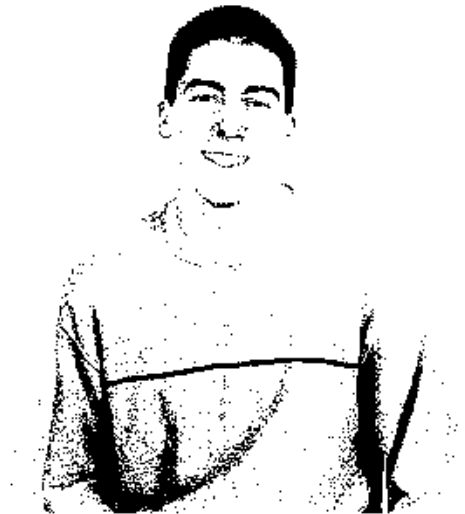

Left: Scott Behm gloats to Mrs. Hendricks about what he feels is the top science fair project ... his.

Above right: Starting on the left: Melissa Nagy, Cassie Souto, Megan Cady, Nicole Dwyer, and Emily Herren pose in the cafeteria during the Hunt.

# Attention Sophomore Class

The mission has been accepted, and the sophomores of Coventry High are ready for the challenge. With a year of experience at the high school, the students are once again starting over with the familiar teaming and the new block scheduling. The sophomore teams are Princeton, Rutgers, Tufts, Notre Dame, and Villanova.

The year moved right along. Homecoming came and went, and many more events such as the sophomore semi-formal. Many students continued to stay involved in extracurricular activities and contributed to the school community. Both the students and the faculty did everything they could to make it a comfortable learning environment.

Halfway through our high school years, the sophomores of Coventry High look forward to making the next two years, better than the ones before. Armed with the knowledge of the mission at hand, we venture forward to new challenges that will lead to accomplishing our individual goals.

Elisha Schofield threw a fit when we said we couldn't allow Sophie into the sophomore section, and so we changed our minds.

Tom Donnelly and Nicole Mastroluca show their math fair project much to Tom's glee.

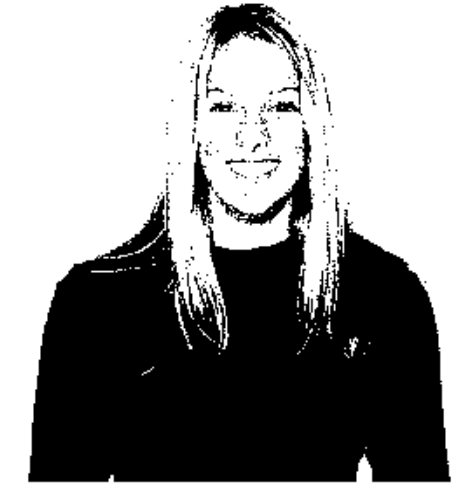

Pete Camera says, "I may not understand this stuff, but at least my face is in the yearbook"

## 004: Freshmen Class

As we have moved on from the middle school, we enter the high school with anticipation and excitement for the events to happen in these next four high school years. With upcoming events such as Homecoming and the Freshman Formal, new experiences are around every corner.

In addition to the old traditions, freshmen this year have had the opportunity to be part of many new changes to the school environment, such as block scheduling. The class of 2004 is also the first class of freshmen to be in teams. The freshmen teams are Brandeis, Georgetown, MIT, Columbia, and Harvard.

There are many activities to take part in such as sports teams, the radio station, the Interact club, and the school newspaper just to name a few. These extra-curricular activities also give the freshmen a chance to meet new people and work with the upper classmen. High school is a world of new horizons, and with every passing day, we face new challenges and prepare for our futures that will be started here at Coventry High.

Liz Cozzi is thoroughly revolted at the sight of the cafeteria lunch served today that Kate Bentley seems to be enjoying...

Louis Regine flashes us his best Hollywood smile, while Justine Walker would rather enjoy her lunch.

Despite all our persuasions, Heidi Holly will not do the Hula for the camera.

Well, at least we got Kelley Morgan to turn around for this picture!

## Class of 004

# Coventry High School Faculty... Licensed to Teach.

Everyday the teachers of CHS administer missions of all shapes and sizes. Their goal is to challenge students and make them reach their full potential. Our faculty strives to make the best information available to all the students who come through the high school doors. The time they spend teaching is not important as long as the lessons are learned. Using the new block scheduling, teachers are experimenting with new ways to make learning interesting. The faculty does its best to instill a love for learning into the students here. With the guidance given by the dedicated teachers of Coventry High School, the students are able to prepare themselves for the challenges they will face during their transition into the real world. Thanks to these dedicated and caring educators, the students of CHS are prepared to seize the opportunities that will be presented to them after their departure from Coventry High.

## Sports at Coventry High School

At CHS a large number of students participate in interscholastic sports. Team sports play a large role in our school, enjoyed not only by the participant but also by the spectator. Athletics helps to bring the school together. The gymnastic team, a relatively new sport to our school had an outstanding season this year. The team finished first in the state competition. Boy's Indoor Track also did very well this season, placing 1st in the 300m dash at the class championships. Girls cross country did extremely well also,

placing second as the Rhode Island finisher at the New England championships in Vermont. And the Girls Indoor Track had a great season with girls breaking school records in several areas. The next few pages are dedicated to basketball, softball, volleyball, track, gymnastics, and the rest of the teams at CHS. The young athletes in the following pages have shown a sense of pride and dedication, and have brought recognition to our school.

# Girls' Soccer

The Lady Oakers started off the season with a new coach from Ireland. Coach Bustard brought new techniques with him that the girls used to make this a very successful season. The team worked hard and played well all season.

The team finished first place in their division. This was achieved even with several team members sidelined with injuries. The team is losing four skilled and valuable seniors, who will be difficult to replace. Congratulations to the Lady Oakers on their successful season, and best wishes to the graduating seniors.

# Boys' Volleyball

The boys' volleyball team endured a tough season and considered this a rebuilding year. The team had only one senior and three juniors on the 2000 roster. The rest of the squad was composed of sophomores and freshmen. The team was lead by co-captains senior Ryan Dempsey and junior Jake Pelletier.

Ryan Dempsey was the sole senior on the team. Fortunately, the team can look forward next year to what was this year's very talented junior varsity team. We look forward to next year's squad which should make a successful transition, looking to bring this program back on top of the always competitive Division I South division.

# Girls' Cross-Country: Best in Years!

The cross country team had an overwhelming turnout this year, putting thirty-five girls in meets from early September through the first week of November. The season began with the Injury Fund Race at Goddard Park. The varsity team finished second behind South Kingstown, last year's defending state champion. In the four weeks that followed, the team had a record of seven and three in divisional meets, which qualified them for the State Meet.

There were several highlights during the season, including a first place finish at the Columbus Day Race, a first place finish at the East Bay Challenge, a third place finish in the Class Meet, and a third place finish in the State Meet. The girls finished off the season as the second Rhode Island finisher at the New

England Championships in Vermont.

Individually, the team had several outstanding performances during the season. Kasey Cote, Angela Murgia, Emily Herron, Ashley Phelps, Corey Lancellotta, Cassie Souto, Meghan Cady and Becky Chiarini competed at the varsity level. Kasey, Angela, Emily and Ashley earned All-Class Honors. Four girls were designated All-Division by the Coaches Association: Kasey, Angela, Emily and Corey. Kasey and Angela came in sixteenth and seventeenth in Rhode Island, receiving All-State honors. The girls' coach, Clement Soscia, was named Coach of the Year by his colleagues. In retrospect, the girls' cross-country team was the best Coventry has seen in the past two decades. Their number two finish in the state established them as the finest team at C.H.S.

# Boys Soccer

Soccer is a reflection of personal interest for the sport we love. This year's season was a rebuilding year with a spunky new coach, Sean Cuthill and assistant coach Rick Frigon. They will have a good season next year because they learned from their mistakes this year. Many leaders on the team were seniors including Sean Parenteau, Pat Hyland, Mike

St. Amand, Andrew Rollins, also junior Jeff Thibodeau. Jeff was the backbone of the team and fortunately for CHS will be returning next year. Even though the season record showed that they were not among the top in the league, the team still had mucho fun. This was demonstrated by the taco feasts before the games, something that quickly became a ritual.

# Boys Basketball

The 2000-2001 Boys Basketball season started off with a bang as they began the season with a 4-1 record and a Tournament Championship in the annual West Warwick Holiday Tournament. Steve Mello and Jeff Supper were named to the All-Tourney Team and team captain Ryan Shibley was named the MVP. Also, in the annual Coventry Credit Union Classic Holiday Tournament, the Oakers defeated the Mari-

ners of Narragansett to gain a place in the championship game. The Oakers played a hard game but in the end fell a little short to the Skippers of North Kingstown. Joe DeLuca and Ryan Shibley were named to the All-Tourney Team. This year the Oakers were joined by first year Head Coach Ed Mathieson and returning assistant coach Billy Tenaglia.

# Football

As they were told "under the score board," this year's team had great potential. Unfortunately, the team was not as successful as hoped. There were a few key injuries that hurt the team, both physically and mentally. Success this year came against Warwick Vets, Pilgrim, and Middletown. The head coach of the team is Mr. Zannella, assisted by Mr. Garvey, Mr. Alves, and Mr. St. Amand. Team captains were two time All-State Linebacker Michael Campbell, Todd Southard, and Michael Galeota. Whatever the players lost by not being as

successful as they wanted, they made up for it with all the fun they had. From making up nicknames for each other, such as "The Mantis," and "The Ostrich," and remembering phrases coined by a certain coach, such as "Automatic," "Where's my secondary?" and "You win a cookie," the football team made sure that this year was a fun one regardless of their record. One has to admit that they all look quite spiffy in their new jackets. The team has a bright future for next year, and will be looking for big things out of Steve St. Amand, Vinnie DeResta, and Matt Kaworksi.

# Girls Basketball

The Lady Oaker Basketball team was plagued with injuries this season. One of our captains, center Cheryl Nolte and Erica Howes, another strong player, were both sidelined for much of this season. Both girls had knee injuries and were sorely missed. Lauren Picozzi, a promising sophomore, missed a number of games due to knee injuries as well.

Senior Amy Morin had a strong season and was high scorer for the team. Playmaker Kelly Nester, another senior, proved to be an invaluable member of the team. Three seniors are graduating, but with five juniors, as well as strong sophomores and freshmen returning, the girls basketball team should look forward to a strong season next year.

# Boys' Indoor Track

The boy's indoor track team did very well this season in only its third season here at CHS. Led by senior captains Matthew Taylor and Tom Hazard the team placed 5<sup>th</sup> in the division meet and 6<sup>th</sup> in the class meet. Matt Taylor had an almost undefeated dual meet season losing only once and placed 1<sup>st</sup> in the 300 meter dash at the class championships. Tom Hazard led the team in the 3000 and 1000 meter events scoring many points for the team in both. Senior John Urwin also scored for the team and was a member of the 4x1 relay team.

Being a predominately young team other noteworthies were juniors John Regan in the 600 meter and Mike Vingi in the 1500 meter as well as sophomore Elliot Crist in the 300 meter.

# Girls' Gymnastics 1st in the State!

The Girls Gymnastics Team had yet another fantastic season, finishing the regular season 1<sup>st</sup> in the state. Coaches Miss Lipa and Robin Andrews gave their continual support throughout the season. The team was lead by senior Captains Melissa Mao and Kelly Rabbitt who individually scored their personal bests in the all-around competition; Mao (34.00) and Rabbitt (34.60), qualifying them for the nationals in Madison, Wisconsin!

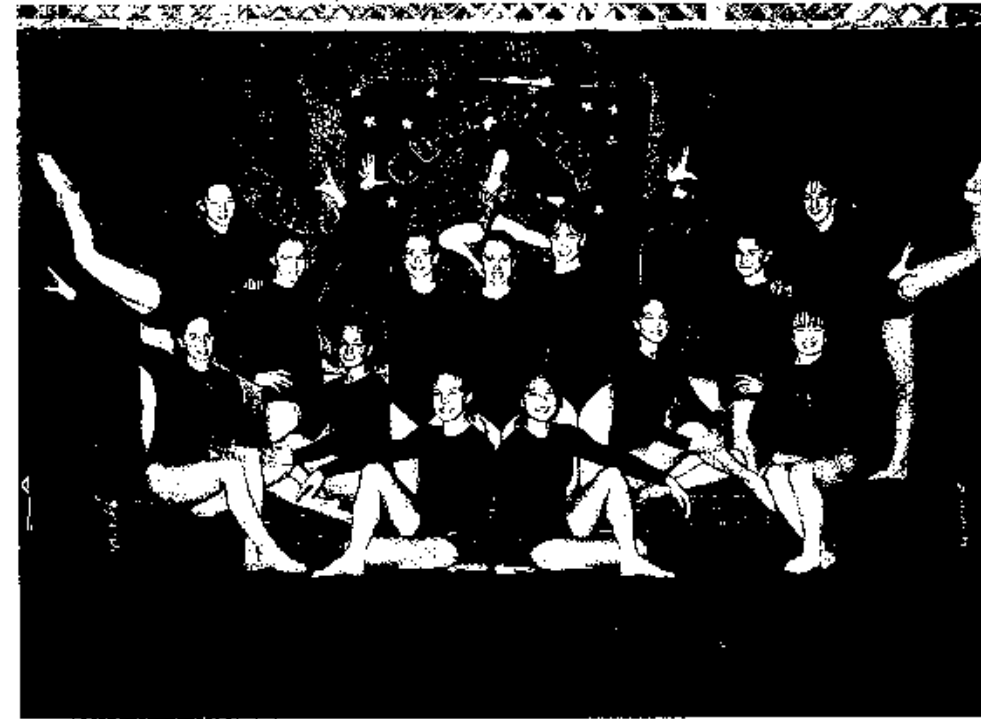

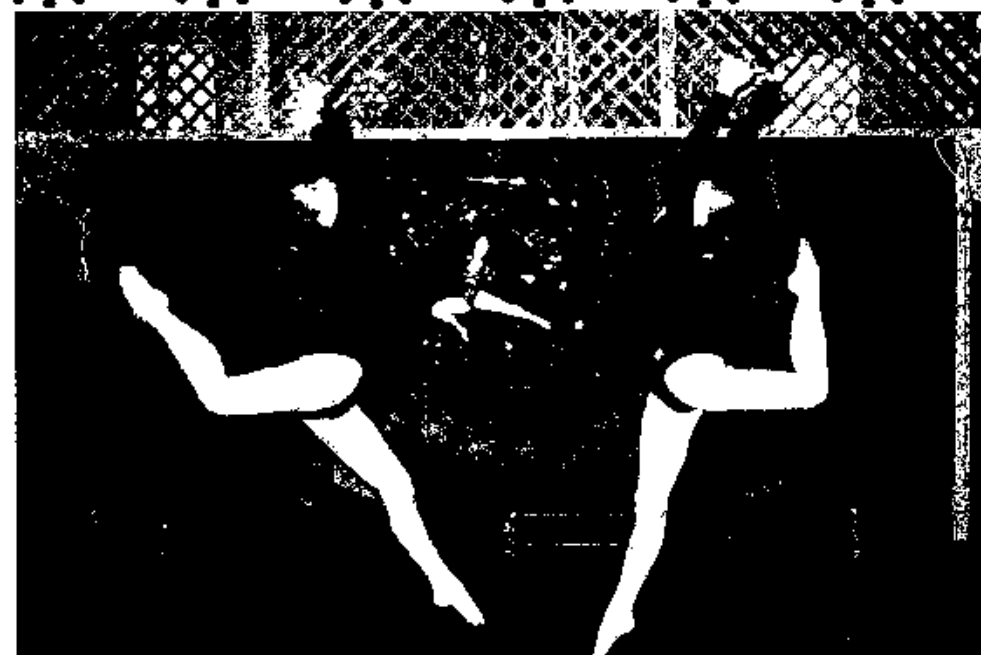

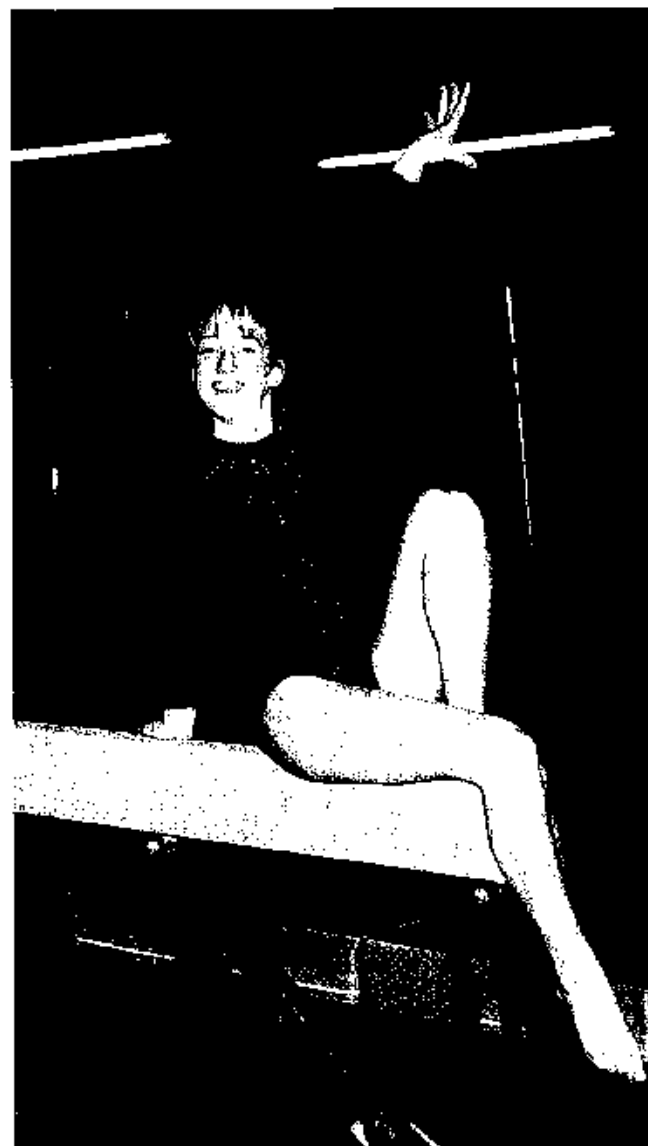

Other all-around competitors include juniors Megan Joseph, Alyson Andrews, and Rebecca Hargreaves. Joseph helped the team by breaking several personal and school records includ-

ing all-around (35.3). Alyson came back strong this season after a serious back injury to pull through for the team. Rebecca, another all-around competitor on the team, was unfortunately injured near the season's end. Sophomore Amy Dinwoodie, along with freshmen Lauren Varney and Katelyn Martin also stepped it up in the all-around, all qualifying for the States. Competing on individual events were sophomores Kristen Scanlon on floor, Amanda Ferreira on vault and bars, Amanda Salzat on beam and floor. Overall, the teams performed very well this season.

# Girls Indoor Track

With captains like Jen Ferrari, Michela Branch, Carol Hughes, Shannon Tower and Catie McArdle, the Girls' Indoor Track Team was headed to a great season. Every runner and thrower practiced vigorously everyday and tried their hardest at every meet. The girls had endless support from their two coaches, Mr. Whetstine and Ms. Horlbogen who gave constructive criticism and recognition whenever it was deserved. In the end all the work and support paid off with a six win, two loss season, tying only once.

Now the girls had to wait for the inevitable to come ... the state

championships. The championships were held on the Sunday of February vacation and went over rather well, earning Coventry a third in their division!

The Girls' indoor track team had many leaders. For long distance Angela Murgia, Emily Herron and Kasey Cote were the leaders. Ashley Phelps and Valerie Kleinschmidt placed for middle distance. Jen Ferrari turned heads placing in both hurdles and high jump. Freshman Loryssa Simas was the solo leader for sprinting. Lastly, Jessica Fico and Amanda Fish both placed for throwers. All the girls on the track team this season put in 110% and it shows.

# Hockey

The 2000-2001 CHS varsity hockey team had its ups and downs this year. The team began the season with high hopes and a 2-0 win over North Smith field in its first game. Unfortunately, the team was unable to maintain its play and had a record of three wins, twelve losses, and two ties with two games remaining in the season, leaving them out of the playoff hunt. However, the team never gave up and kept going strong right until the end. The Oakers were inspired by the arrival of new assistant coach Brad Inman and volunteer assistant coach Chris Daigneault.

Captain Glenn Davenport, along with assistant captains DJ Houle and Nick Delmenico, did their best to keep the team's morale up throughout the season. Leading scorers for the Oakers this year included Houle and freshmen Andrew Lafleur, each with ten points, and sophomore Pat Fratus, scoring nine points. This year's freshmen class is one of the best in recent memory and will be contributing greatly to the program for the next three years. Look for next year's seniors Jimmy O'Connor and Gary Hill to lead the team through the 2001-2002 season.

# Girls Tennis

The girls' tennis team had a fun season with both wins and losses. Coach Sutyla led the girls along with the team's captains, Nikki Theroux, Jessica Fico and Kelly Nester. Throughout the season the team tried their best to succeed. The girls had a great season and concluded the season with their traditional senior day celebration. This celebration was coordinated by Jen Mainelli, Katie Muschiano, Laura Papa and Chelsea Dion. Great Season Girls! Good Luck next year!

# Boys' Cross Country

Mr. McKanna, the Boys' new Cross Country's coach, brought a refreshing new spirit and camaraderie among the runners. This fresh approach will only be developed further in the coming seasons. In all, the team had a mixed season this year. The team is still building, being in its infancy since it began two years ago. With a stronger indoor track team, the prospects for next year look very bright. Seniors Matt Taylor, Tom Hazard and Derek Jervis had a successful season. We wish them luck in their running careers.

In the above picture, the Cross Country Captains Tom Hazard and Derek Jervis are shown.

# Cheerleading

One very talented group of athletes at Coventry High School is the cheerleading squad. There are actually a few squads who cheer for different teams, including basketball and wrestling, football and hockey. A select group is chosen to be the competition cheerleaders. Working very hard throughout the year, the girls participate in many competitions across New England, even in Busch Gardens, Virginia. This incredible team has a difficult routine packed with dancing, stunts and gymnastics. Together, the squad has mastered their skills, and perform at a very competitive level. Whether on the competition squad, or cheering on their home team, the Oakers, these girls always demonstrate the Coventry school spirit.

# Wrestling

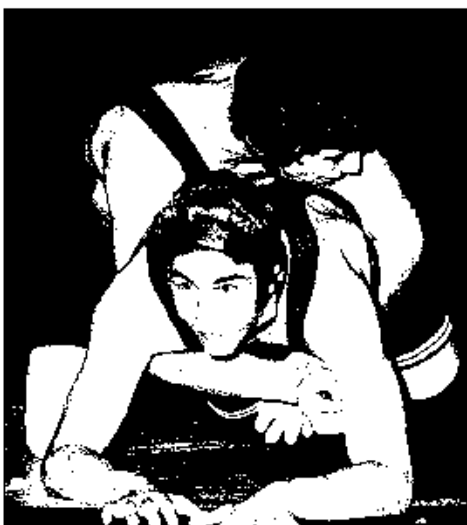

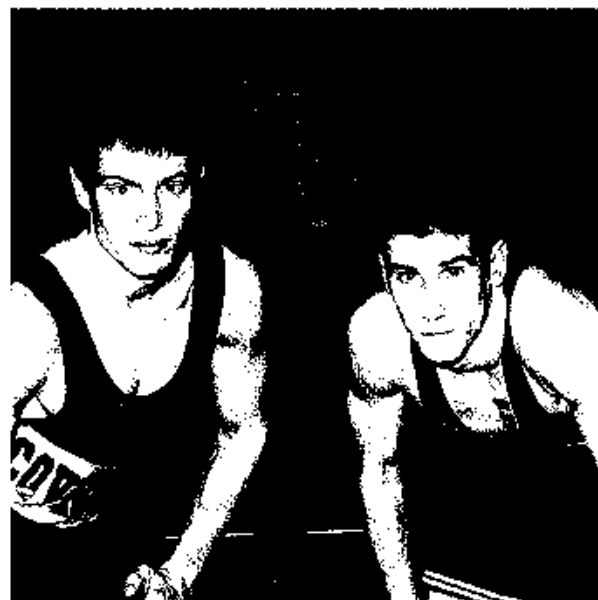

The Coventry Boys' Wrestling team had high hopes early in the season. Many of the returning wrestlers were very talented, but the team lacked depth. Coaches Charles Gaffney, Brian Smith, Kevin Hennessey, and Mike Bucacci, spent a lot of time and effort working with the boys who came out for the team. Seniors Drew Thompson, Mike St. Amand, Matt Walker, Justin Chin and Derek Hopkins wrestled well, but because the team did not have enough wrestlers overall, it was a disappointing season finishing 9th overall in the states. Next year, should be a more promising year since we have some very talented underclassmen.

# Intro to Student Life

As those of us at CHS look back upon our year, we now know that we can say "Mission Accomplished!" Between the academic and the extracurricular, our successes have definitely outweighed our losses. Although some of our losses did set us back, we knew that we had to keep going on, and so we continued to move forward. Our perseverance kept pushing us to the limit.

Our successes have been so numerous that it would be impossible to mention them all. The graduating class of 2001 set the pace for our academic successes, and all of the underclassmen managed to keep up. On the extracurricular side we had our Girl's Track Team winning many victories, the Drama Club winning in the statewide competition with, "Bang, Bang You're Dead," Concert Chorus going to Disney, and the school radio station, WCVY, taking to

the airwaves with the next generation. Even though all of this may sound like a lot, it is still not all that happened this year. It is too hard for one person to try to keep up with all of the aspects of student life here at CHS, and that is where the yearbook comes in, it helps us to remember.

As you turn the pages of this book, you can look back on all that we have accomplished in 2000-2001, and remember the joy that was found when we succeeded. We all remember different stories, ideas, and friends, but the one thing we remember the same way is how great a year it was. Now that it is over, we can turn the pages of this book, pages filled with friendly faces and fond memories, and be filled with a real sense of pride as we honestly say to ourselves and to everyone, "Mission Accomplished!"

# Yearbook

The yearbook's mission: to produce a yearbook of exceptional quality that will arrive on time at the conclusion of *this* school year. Each year members of the yearbook staff put in hours of hard work to produce a book of this caliber. Mr Walker, who is new to yearbook, and Mrs. Gendron advise the yearbook club, and have spent many late afternoons working with the staff. The 2000-2001 editor was Amanda Jurianz who along with the rest of the yearbook staff started working on Mission Accomplished last June and completed it this spring. Our staff was comprised of people with various talents. Yearbook needs people who have good writing skills, computer skills, photographers, as well as people to handle the financial portion of the publication process. Belonging to the yearbook staff requires a large commitment, staff member meet for a minimum of one and a half hours each week, and on the occasional Saturday. Students also work on pages during their study periods. However, all of the time and effort that was put into publishing this year's book has certainly paid off and we are proud to say "Mission Accomplished!"

# National Honor Society

The National Honors Society (NHS) is a group of students dedicated to serving both the school and the community. In order to be candidates for the society, students must maintain a 3.65 GPA throughout their four years in high school. Together with academic excellence and scholarships, the NHS strives to foster character, service, and leadership among its members—qualities that are necessary in order to build strong, future leaders. This year, members of NHS fulfilled the society's standards by participating in community service activities, devoting time to both the community outside of Coventry High School and the

community within the school itself. Students participated in the annual Adopt-A-Family program during the holiday season, and through a car wash and a bake sale, they raised money that will go towards gifts for the school and the community at the end of the year. In May, members of the National Honor Society will gather for the annual Principal's Reception where they will celebrate their accomplishments and their good deeds of the past year. At Honors Night, they will also celebrate the further acquisition of those four characteristics that the society has instilled within them—scholarships, leadership, service, and character.

# Interact

The Interact Club is a club that is dedicated to helping people in need. The club has in excess of forty members, and they all take part in numerous projects throughout the year. The club is also under new advisor, Mrs. Carroll.

Interact kicked off the year with their 2nd annual Tomorrow Fund Tag Day in which they raised over \$1,500. The Tomorrow Fund is an organization which financially and emotional aids children with cancer and their families. The club is also planning on wrapping gifts at the Providence Place Mall for the Tomorrow Fund, with proceeds going to the children.

The club has two more big events for the 2000-2001 school year, Holiday Bash 2000 and a town-wide talent show to benefit the Make-A-Wish Foundation. In addition to these

ambitious plans, the group participates in Adopt-A-Family, participates in yard clean-ups for senior, and works with local nursing homes. The Interact Club is sponsored by the Pawtuxet Valley Rotary Club, who aids Interact in their endeavors.

# D.E.C.A.

## Distributive Education Clubs of America

Coventry High School D.E.C.A. (Distributive Education Clubs of America) successfully obtained and delivered over 7,000 Christmas presents to approximately 3,500 needy people this year. D.E.C.A. had approximately 160 stores throughout the Kent County area participating this year. In 1987 this project won the National D.E.C.A. Championship for Civic consciousness. This is the fourteenth year the project has served the needy and elderly.

The presents go to ALL the needy families from Coventry's Department of Human Services, all of Coventry's six elementary schools needy students, and ones in Coventry Middle, and High School, 725 D.C.Y.F. children, 199 Spring of Life Church Homeless children, 52 homeless children from St. Mary's. Homeless shelters in Providence, such as the McAuley

House, Amos House, Advent House, and St. Anthony's House. D.E.C.A. even has a 350 all male teen safe homeless shelter from New York that receives presents from its project. Riverview, Roberts Health Center, and Woodpecker Hill are the nursing homes receiving presents from this project annually.

The project also organizes a school wide "Adopt-a Family" program where ALL of the clubs and activity advisors purchase Christmas dinner, clothes, and presents for the family. D.E.C.A. assigns them. The families come from Coventry's Department of Human Services. D.E.C.A. students sell "Goody Grams" providing each club and advisor \$25 per child to shop for their families.

# Reachout

The best of the Christmas project is when D.E.C.A. holds its annual Christmas party for our Reachout students. One of our students even plays Santa, this year it was Jay Moran and his elf was Becky King. The other students pass out food and beverages to all the students and guests. Each

guest receives several presents and the students get to socialize. Reachout students spend time throughout the year working with these students, learning how to deal with some of the disabled population and eventually some even seek jobs in this field.

# WCVY

WCVY is on the air! That's right, CHS has their own radio station. In fact we have the only high school station in the state of Rhode Island. The members of WCVY did a lot of work to bring music and news to the people this year. DJs on the station took turns with two hour shifts to play the music that you want to hear, while the news staff made carts that the DJs could play containing the day's top news stories. The station has been around for many years,

and some of your parents may even have been involved with it when it was first making a name for itself.

This year a lot of work had to be done to keep the station running in top form. This included hiring many news-people, DJs, and another production staff. WCVY rose to the challenge. Now as they prepare for the Seniors to leave, station members look forward to next year when they will be starting a new experience. Until next year, this is 91.5 WCVY signing off.

# ROTC

The AFJROTC unit has been active in both the school and in the community. In the school, the ROTC unit has served as escorts for parents during Parent-Teacher Nights, the NEASC representatives when they were at the school and for the visitors during career day.

In the community, the ROTC unit has held events such as a free carwash (No money accepted, pledges were made beforehand). The unit has also done community service in several ways. One way they help is by working at the Tiogue School's Health Fair. Another community service is volunteering at local food banks. A few of the ROTC cadets, usually members of the drill team, present the honor table of memorial events at the CHS graduation. This ceremony honors all of the American POWs and MIAs.

The ROTC unit also competes against other units in drill competitions. The

Drill team is a National Caliber Team and this year the unarmed regulation team got third place in the Air Force Nationals in Montgomery, Alabama. The armed team placed first in their divisions at the Regional Championships in Gloucester, Massachusetts. The Color Guard teams also did well in Gloucester, picking up first place in each of their events.

Recruiting is also done by the ROTC cadets at the Middle School. If you remember from your own days as an eighth grader, many groups of people came to try and talk you into joining their programs. Well, ROTC is one of them. The ROTC offers a lot to the cadets who remain in the program, scholarships for those who want to go to college, advanced rank, and pay for those who want to enter the military.

# The Entry

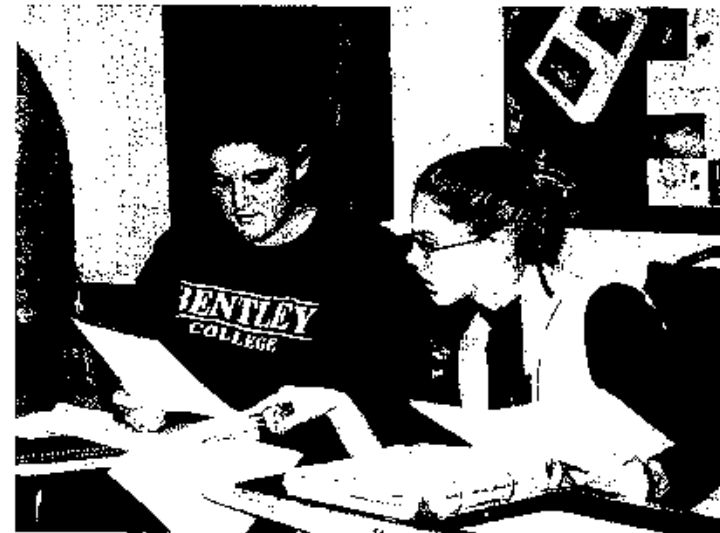

Coventry High School's newspaper, "The Entry," comes together under the leadership of Senior editors, a dedicated staff, and a new advisor, Ms. Julie Lima. Amanda Falcone, as Editor-In-Chief, leads the team of editors in their endeavors.

A major goal of this year's staff was to make the newspaper more inclusive. The West Bay Career and Technical School is now part of regular coverage. "The Entry" staff has made many changes in the layout and outward appearance of the paper as well. Matt Maguire, layout editor, has been at the heart of most of these changes.

One of the changes that was made was to make the paper more professional by giving it the look of a normal folded paper. This took a great deal of effort to do, and the staff worked very hard to find advertisements in an effort to raise money for this transition. The efforts made this year will hopefully impact the future of "The Entry."

# Model U.N.

The United Nations unites representatives from countries around the world in New York City. The members discuss and debate a number of issues and current events to promote peace. The student members of Model U.N. take on the positions of the different countries involved, researching and presenting their views on a variety of topics. The club advisor is Ms. Tierney. Officers include Rachel Maxwell (Secretary General), David Petrarca (Under Secretary), Jen Taylor (Treasurer), and Tim Mitchell (Secretary of Communications). The Club is well organized and they have their own constitution and weekly agenda.

The Model U.N. is looking forward to attending an international conference at the U.N. Headquarters in New York City where our members can exchange ideas and views with students from all over the world.

# Band

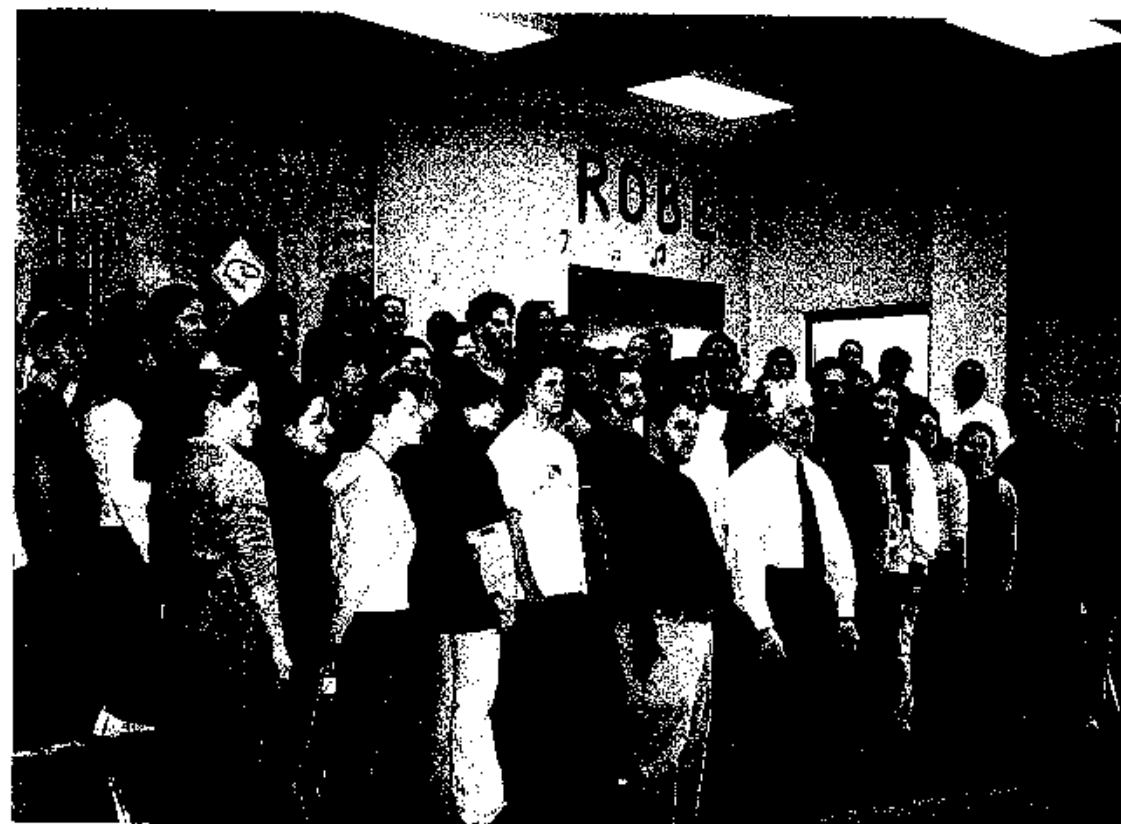

The Coventry High School band has had a great year, from the football games to the parades, right down to the festivals. The band started off with great spirit at the marching practices and varsity football games. Members of the band performed at the half-time show at the Homecoming game and again at the Thanksgiving Day game.

The band department's first Winter Concert was held in December. This concert included the concert and jazz band, as well as several solos and duets. March came up faster than expected and the band began preparations for the St. Patrick's Day parade. By April, the RIME Band Festival

was quickly approaching where every year the band achieves high standards. In the spring the music department went to Disney World where the band performed in the festivals and then had an enjoyable time in Disney World. After the festival there was a banquet where awards were given to outstanding instrumental sections and bands. After returning from the trip the spring concert swiftly approached. As expected, it was a great success. To end another excellent year, the band marched in the Memorial Day parade. The annual band banquet was a time to look back on the year together and reminisce about good times.

# Chorus

The Coventry High School chorus had an excellent year. Their year started off with the Winter Concert, which included performances by the concert and select chorus as well as several solo performances. Every year the chorus achieves high standards, and this year was no different. On May 14 the choral department held their annual spring concert. After the festival, the choruses attended an awards banquet and then headed off for Disney World for choral competitions. To close the year the annual Choral Banquet was planned for June, when the students and teachers look back on their year, remembering the good times and looking forward to the many more to come.

# Drama: #1

This year, the dramatic aspect of Coventry High has gone through several renovations, with the first being the new advisor, Mr. Wilkinson. After last year's successful rendition of Shakespeare's *A Midsummer Night's Dream*, he has taken on the reins of overseeing and establishing a Drama Club and department, relating all aspects of theatre, from acting and directing to lighting and sound, with Brad Kirton as President and Melissa Corbett, as Vice President.

The first production for the school entitled, *Bang, Bang, You're Dead*, a serious play concerning the aftermath of school-related shootings, was taken to competition, winning first place in the state! Matt Marshall won for top actor and the cast won best ensemble. Because *Bang, Bang* was so successful, winning in the state competition, the school performance of Arthur Miller's *The Crucible*, was changed. Instead, the state winning show is going on the road sending a powerful message to other schools in the state and performing at the New England competition in New Hampshire at the end of April. The Coventry High stage has never seen such success, and we are quite certain that the best is yet to come.

# S.A.D.D.

SADD or Students Against Destructive Decisions is a fairly new club to Coventry High School. The club was founded in the middle of last year by Jessica Templeton who is also the president of the club. This year SADD planned and executed SADD Day. On this day club members dressed in black and "died" every half hour to represent the fatalities caused by drunk driving. On a similar note SADD also planned a mock car crash to take place during the spring. SADD members also participate in Teamspirit, a leadership week sponsored by Mothers Against Drunk Driving, or MADD. SADD is just starting as a club with immense potential. The club has a great deal to contribute our community in its crusade against drugs, underage drinking, and the consequences of these avoidable actions. Under the leadership of next year's President Jen Tidswell and Vice President Ashley Moone, SADD will surely thrive and succeed in the years to come.

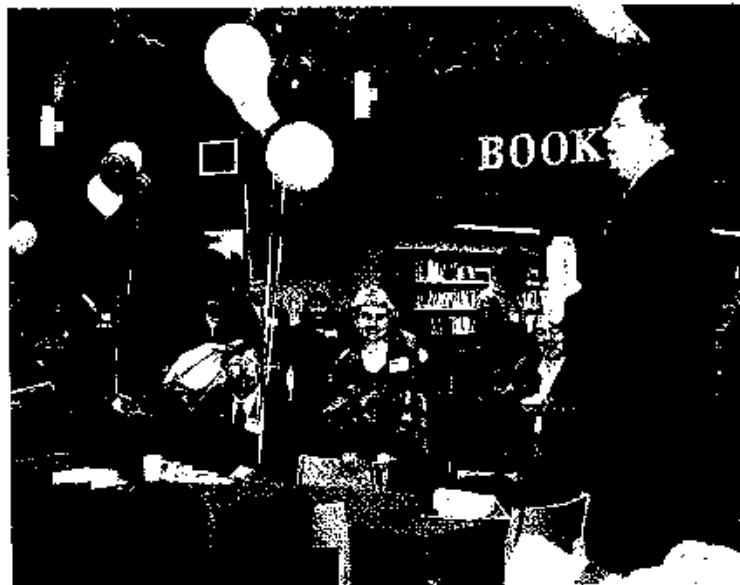

# CAREER DAY

This year, as in the past, CHS had a day that we set aside and dedicated to finding out more about careers that students might like to work in after college. The students were to choose three jobs that they might enjoy knowing more about, and people from the community who have these jobs came into the building to tell us about them.

This year over a hundred different jobs were represented. The speak-

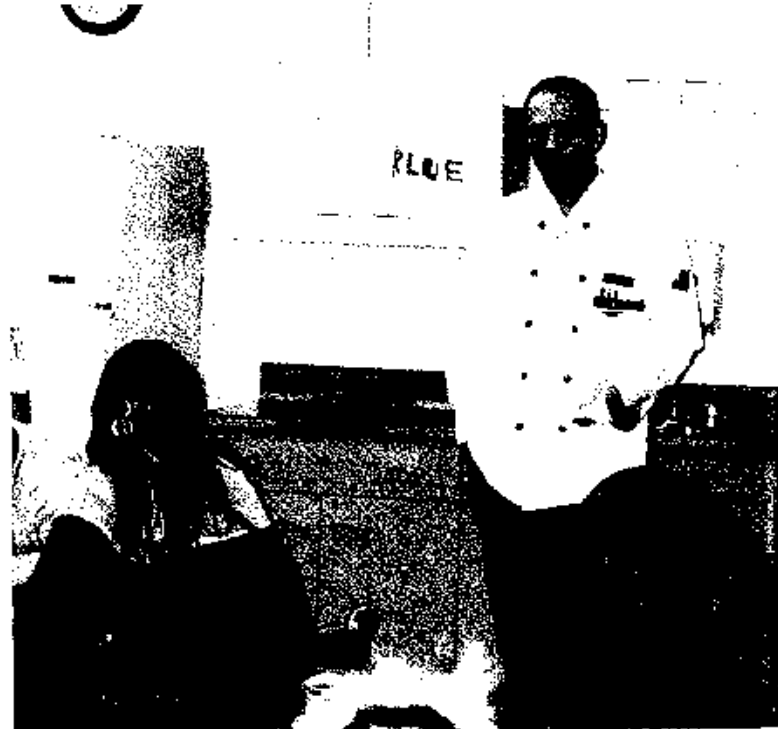

ers told everything we might need to know about these potential careers, up to and including what type of education you need, and what the jobs are really like after you land them. This day was planned not only to assist students in their career choices for the future, but to show those in the community who have these jobs that they are appreciated, and that the next generation is interested.

# MAKING SOME CHANGES

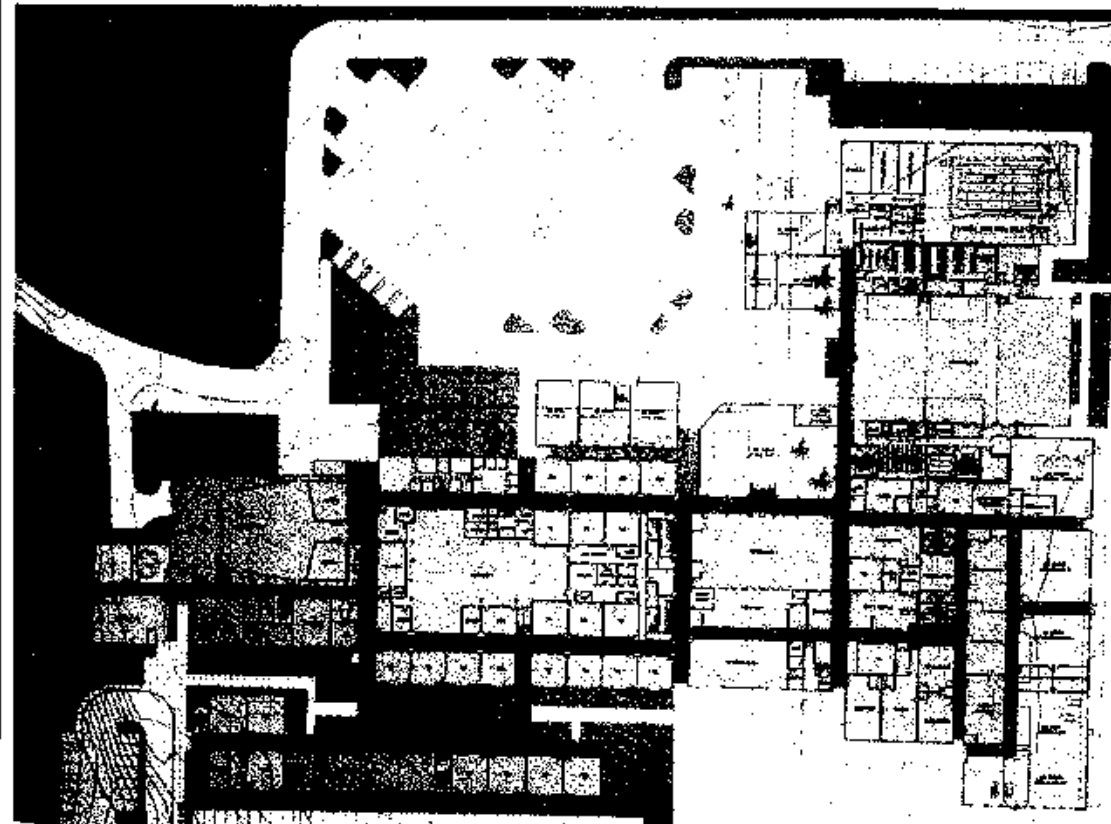

As you might know, a bond issue affecting Coventry High School was passed this year giving the whole school system thirty-four million dollars for expansions and renovations. Part of the plans include CHS. As a result of this the school board has made a very interesting decision. CHS will have an addition put on that will bring West Bay, the Vocational School, to our campus. The construction began in March of 2001, and is slated to end by Septem-

ber of the next school year.

This addition will make a dramatic difference in the high school experience for all of the students. For those who travel back and forth from West Bay, they will have more of a real high school experience. While for those students who stay at the high school, there will be more career exposure, because it will be possible to take Vo-Tech classes as electives. Altogether this should prove to be a great, horizon expanding experience for all.

Top: Here's a view of the plans for the second floor. There will be 7 classrooms, 3 offices and a physical therapy classroom added.

Left: These are the plans for the first floor, main section of the building. Notice the swimming pool near the gymnasium. There are many more classrooms and room to further your education.

# Student Council

Student Council is an after-school activity where students work together to try to make CHS a better place. It's also a great way to get involved in the school. If you are a leader, you will fit in well, and if you don't think you can lead, student council can help you to discover your talents. Members go to leadership conferences with fun speakers and great games and activities. This year's president is Audra Medeiros.

Student Council members take part in numerous activities and meetings all year. Some of the activities include the Homecoming Dance and Game, Varsity Review and Spirit Week. Student Council adds fun to school by running Spirit Week, with dress-up days and games like Jell-O wrestling. Student Council also has smaller committees such as Intergenerational and Secret Pal. This year included a school-wide event informing the students of different careers.

Student Council organizes leadership conferences at Alton Jones' Campus. SLTP (Student Leadership Training Programs) are held in the summer. We also have students and teachers on the National Student Council Committee. Student Council is an great way to be part of the school and to have a lot of laughs at the same time.

# Dance

Dance is an expression of oneself, and the Coventry High School Dance Team always tries their hardest to show their audience what they are expressing.

The charismatic team is led by Coach Ms. McKenna and seniors, Sara Lyons and Amanda Burns. The team can often be found on the football field, making halftime at high school football games both a fun and energetic time for all.

The Dance Team has existed in the high school for three years now. They have been improving each year, and hopefully will be for many years to come.

**Kim**

We are very proud of you!  
 Love, Mom, Dad and Scott

From T-Ball, Little League, soccer and scouts,  
 To driving, surfing, and wrestling work-outs,  
 Keeping us busy since your tiny "munchkin"  
 days,

Always filling our hearts with your loving ways,  
 We are prouder of you than any parents could be,  
 And not for your achievements, academically,  
 Most of all, Justin, we want you to know,  
 How much we have and always will love you so.  
 Love, Mom and Dad

**Congratulations, Ricky...**

Over the years you became Rick... you  
 became an Honor student...you became a  
 Black Belt and Instructor in Karate...you  
 became Captain of your school Golf team.  
 Over the years you became so diversified...  
 and we stood with pride! And today we stand  
 with pride once again!  
 Forever, Mom and Dad

**"Sweet Pea"**

Pursue your dreams and follow  
 your heart. We'll always be  
 there for you.

### For Amanda

God lent me a gift  
And asked me to care  
For this wiggly bundle  
With brown shaggy hair.

There were bottles and diapers  
And nights without sleep  
But we managed to get  
Through the first busy weeks.

The first spoken word  
Was told and retold  
The first halting step  
She was just 9 months old.

But time marches on  
And the little tyke grew  
Each day without question  
She learned something new.

Then school came round  
Grades one, five and eight  
Before I scarcely knew it  
She was on her first date.

This life is now yours  
To do as you choose  
There's a life goal to win  
Or a battle to lose.

God forgive where I've failed  
To lead the right way  
And bless my dear Mandy  
As she starts her college days.

Mom & Dad

"I wish for you..."

Comfort on difficult days,  
Smiles when sadness intrudes,  
Rainbows to follow the clouds,  
Laughter to kiss your lips,  
Sunsets to warm your heart,  
Gentle hugs when spirits sag,  
Friendships to brighten your being,  
Beauty for your eyes to see,  
Confidence for when you doubt,  
Faith so that you can believe,  
Courage to know yourself,  
Patience to accept the truth...  
and all my love.  
I am very proud of you.
